## New Truce Talks May Start Tonight

### Await Final Red OK As Korean Armistice Teams Set Stage

MUNSAN, Korea, Oct. 22—(AP)—Korean truce talks are expected to resume tomorrow or Wednesday.

Liaison officers today completed an agreement for reopening negotiations after a two-month break. The United Nations command proptly ratified it.

If the Communists OK it today, armistice talks will reopen at 9 p. m. tonight E.S.T.

Brig Gen William P. Nuckols, spokesman for the U N command, said if Red approval is received tomorrow morning, delegations "may well agree on initiating the sessions tomorrow afternoon."

The two five-man negotiating committees will meet in a faded yellow tent at Panmunjom, midway between opposing front lines They will take up right where they left off at Kaesong—on the question of where to create a demilitarized zone for the armistice. The Reds suspended the Kaesong talks Aug 23. They charged the Allies bombed the Kaesong neutral zone the day before but the Allies denied the charge.

**Sign Security Pact**

U. N. and Communist liaison officers completed their arrangements for renewal of negotiations by signing an eight-point security pact at 10 45 a. m. Monday.

Three hours and 20 minutes later the U.N ratification was delivered to the Reds at Panmunjom.

It called on the Communists to renew truck talks "without further delay."

The U.N. ratification was signed by Vice Adm. C. Turner Joy, chief U.N. delegate. He told North Korean Lt. Gen. Nam Il, head of the Red delegation, the Allied negotiating team was prepared to meet with the Communists the day after the Red reply was received. He set the hour for meeting at 11 a m.

Joy's purpose in ratifying the security agreement before talks actually begin, and asking for the Red endorsement in advance, was to prevent a possible reopening of discussion of the "ground rules" by the Communists.

Joy's message enumerated the items of the agreement signed by liaison officers as well as the "mutual understandings" they reached in 12 sessions at Panmunjom.

**Demilitarized Zone**

The eight-point agreement provides for a demilitarized zone with 1,000 yards radius at Panmunjom, attack-free areas with a three mile radious for the Reds' headquarters at Kaesong and the U.N. truce team at Munsan, and a quartermile corridor center on the road linking Munsan, Panmunjom and Kaesong.

It guarantees against hostile acts against any of these zones Both delegations are provided free access to the conference site with the head of each delegation deciding the size and composition of his own party.

Hostile acts along the entire front dwindled as possibility of negotiating an end to the shooting revived. The U. S 8th Army's Monday evening communique reported only patrol action except on the central front around Kumson. There, the communique said Allied infantrymen "were advancing . . . against little enemy opposition."

In preparation for renewed negotiations, Reds removed the few Korean families from the thatched roofed huts in Panmunjom.

## New York Faces Complete Dock Tieup

### Rebel Longshoremen Extend Walkout To Staten Isalnd

(Picture on Page 15)

NEW YORK, Oct. 22—(AP)—The mushrooming strike of rebel longshoremen spread today to Staten Island and threatened to tie up the entire port of New York by nightfall.

Police headquarters reported dock work almost at a standstill in Manhattan, Brooklyn and Staten Island. A general work stoppage also was reported on the New Jersey waterfront, but the full impact of the strike there was not immediately clear.

Idle longshoremen, wildcatting since Monday against the orders of their union leadership, gathered in large groups—sometimes as many as several hundred—at pier entrances.

The strikers are protesting the terms of a new wage contract, ratified recently by a majority of the 65,000 I.L.A. members from Maine to Virginia.

They want a 25-cents-an-hour pay increase and a revision of several other contract clauses. The new contract gave them a 10-cent hourly boost, bringing average wage to $2.10.

At many points along the waterfront pickets carried signs reading, "longshoremen on strike — respect our picket lines."

**No Violence Reported**

During the early hours there were no police reports of violence

An extra detail of police was sent to the Brooklyn waterfront where all activity was stopped except for the loading of one freighter, the Heina.

The strike on Staten Island tied up seven military ships of the Military Sea Transport Service.

Gen. Edwin H. Lastayo, commanding general of the New York port of embarkation, however, denied rumors that troops would be used to do the strikers' work

On some New Jersey piers longshoremen reported for the morning "shape up"—call to work — then walked away. At others none reported for duty.

The Holland-American Lines' passenger liner, Ryndam, docked at Hoboken this morning with 870 passengers. A special detail of 50 longshoremen unloaded the ship's mail and passenger baggage but refused to touch other cargo.

Customs officials, surveying results of the tie-up, said they had

## *Four in Dope Ring Caught In Mansfield*

COLUMBUS, Oct. 22 — (AP) — Using borrowed money, Columbus police baited a trap for a suspected dope king, arrested four persons and confiscated a quantity of heroin yesterday.

The chase led to Mansfield and branched out into Ashland County.

Without the assistance of some friends of the police, who contributed the "bait," the results might have been different.

Police said the department had no money with which to bait traps, so they borrowed $1,000 from friends.

The money led to the arrest of "Slick" Howell and George Naymola, 34, both of Cleveland, and Mrs. Mary Finckel, 31, and Jack J. Conrad, 31, both of Columbus, said Lt Arthur Remmert, vice squad chief.

Remmert gave this account of the arrests:

### 4,500 Witness Two-Day Event

## *State's Top Horses Seen In Show at Coliseum*

Horsemen from all over the state, in addition to a few from outside Ohio, competed for championship honors in the sixth annual fall roundup and horseshow held in Marion over the weekend by the Ohio Western Horse Association.

Nearly 4,500 persons attended the various shows held Saturday night and all day Sunday in the Veterans Memorial Coliseum at the fairgrounds.

Approximately 225 horses were shown in the 44 classes of the roundup by some 200 owners.

In each class, five cash prizes along with five ribbons were awarded to the top five horses in the class, and many trophies were awarded, donated by various horse owners, organizations and business establishments throughout the state.

**No. 1 Horse**

Highest award made during the show was that of champion high point horse of Ohio, which went to Golden Tomahawk, owned by Mr. and Mrs. Delbert Shafer of Columbus. During the past year, in the horse shows in which the horse has appeared, a total of 254 points were collected. A trophy, provided by the Na-Churs Plant Food Co. of Marion was awarded the owners.

Named reserve champion high point horse of Ohio was Silver Tomahawk's Illusion, co-owners of which are Mrs. June Rowe of Bucyrus and Miss Frances Baca of Columbus. The horse had a total of 216 points for the year.

Other championship awards made during the show included the championship high point pony of Ohio award to Major Sunshine, owned by Miss Patty Ward of Huron, O., and the reserve champion pony of Ohio award to Snow Princess, owned by Mr. and Mrs. Homer Falquette of Fremont, the rider of which is Sonny Hassalbart of Lindsey.

**Local Horses Entered**

A number of persons from cities in this area entered horses in various classes of the show and several received awards.

Those from this area who were among those receiving cash and ribbon prizes in various classes were the following: Caleche, owned by Dale Wilkinson of Sycamore, first in Open Palomino Class, first in Cutting Class, first showing, third in Quarter Horse, Halter Class, second in Cutting Class, second showing, first in championship Stock Horse Class, and third in Cutting Class finals; Sport's King, owned by J. ## Workers On 2nd Lap Of Chest Drive

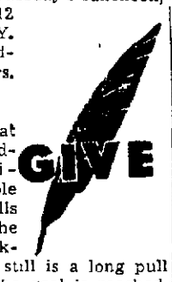
### Report Meeting Set Tomorrow, Windup Friday

Volunteer workers in the Marion County Red Feather Community Chest campaign started today on the second lap of a drive to raise $97,764, to finance the agencies of the Marion Community Foundation. The second report meeting will be held Tuesday noon when the workers meet for a "Dutch treat" luncheon. The campaign started last Tuesday with a "kick-off" breakfast and will end Friday with a "victory dinner."

All division leaders are urged to be present at Tuesday's luncheon, promptly at 12 o'clock at the Y. M. C. A. Presiding will be Mrs. John Waddell.



**Long Pull**

Reports at campaign headquarters indicate favorable response to calls made by the volunteer workers, but there still is a long pull ahead before the goal is reached, J. B. Bray, campaign chairman said today. At Friday's report luncheon pledges and cash contributions amounted to $39,697.70

Reports from workers in the industrial employes division show individual contributions ranging from slightly more than three dollars to between five and six dollars per person. Pledges numbering 266 from employes of the Commercial Steel Castings Co. amounted to $1,420, an average of $5.34 per person. Huber Mfg. Co. employes numbering 242, pledged $1,190, or $4.92 per person and the 173 employes of the Fairfield Engineering Co. pledged $865, an average of five dollars per person.

**Shovel Pledges**

Eight hundred sixty-six employes out of 1,700 employes of the Marion Power Shovel Co. pledged $2,849.75, an average of $3.28. At the McMillen Feed Mills plant 83 contributors of the 200 employes pledged $435 50, an average of $5.24 per person and 85 of the 790 Ohio Edison Co. employes pledged $373.50, or $4.40 per person. These figures represent only partial reports, the workers state.

Firms reporting 100 percent participation in the drive include the J. M. Hamilton & Sons Co.

## *Fighting Slows As Time For Talks Nears*

U. S. 8TH ARMY HEADQUARTERS, KOREA, Oct. 22—(AP)—Chinese troops faded away through the fog shrouding the central Korean front today, abandoning two hill masses to advancing Allied troops.

The Reds put up a hot fight on one ridgeline for a little while. Then they withdrew, and the United Nations infantrymen advanced unopposed through the mud.

Despite the soggy going, the advance was so rapid engineers had a hard time keeping up with the infantrymen.

Forty-two Chinese didn't bother to retreat. They surrendered.

A front line officer estimated Red casualties in the ten day offensive would exceed 15,000.

Fighting quieted all along the damp front lines in Korea as liaison officers completed arrangements for resuming truce talks.

There was no break in the air

## Need Blood To Save Soldiers

### Contributions May Be Made This Week

Men of the armed forces now are not only being asked to get into uniform and defend those at home but also to contribute blood to save their comrades who have been wounded in battle.

In order to maintain a safe supply flowing to the battlefront, 300,000 pints are needed each month, figures received from headquarters of the armed forces show. Only half this amount is

## Call 2 More In Probe Of Tax Agents

### Investigations To Continue Despite Windup of Congress

WASHINGTON, Oct. 22—(AP)—An inquiry into charges of corrupt practices by federal income tax collectors today had the congressional investigation stage pretty much to itself.

Even though most congressmen have gone home for this year, investigating lawmakers still on the scene promised to rattle more skeletons in both Democrat and Republican closets in the months leading up to the 1952 elections.

The House Ways and Means Subcommittee checking into the activities of the Internal Revenue Bureau's tax-gathering agents continued its public hearings. Edward H. Foley, undersecretary of the Treasury, and Thomas Scanlon, supervisor of accounts and collections at the Revenue Bureau's Boston office, were called to testify.

The investigation already has resulted in dismissal, suspension or resignation of 21 Internal Revenue agents. And the committee, headed by Rep. King (D-Calif), has indicated its probe may be widened to cover the Department of Justice.

**Prepare Questionnaire**

The Internal Revenue Bureau, meanwhile, sets out this week on the biggest job of inquiring into employes' financial affairs ever attempted by any government agency.

Officials said yesterday they have decided to require about 40,000 of the bureau's 57,000 employes to submit to a painfully detailed questionnaire which, among other things, will ask how much money they have, where they got it and how much tax they've paid on it.

The questionnaire is almost certain to be one topic at a three-day conference of bureau field representatives opening here today.

Elsewhere, the Senate Investigations Subcommittee, headed by Senator Hoey (D-N C) planned an early report to Congress on its studies of relations between the chairmen of both Democratic and Republican national committees with the Reconstruction Finance Corp. (RFC) in connection with government loans.

Both Democratic chairman William M. Boyle Jr., who is resigning, and Republican chairman Guy G Gabrielson have denied under oath that they did anything improper.

**Line Up Ship Inquiry**

Hoey's investigating staff also is laying groundwork for hearings, probably in January, into circumstances under which Robert E. Casey, a former Democratic House member and a group of associates turned a fast $2,500,000 profit on war surplus tanker ships.

## Bosox Name Boudreau To Replace O'Neill

LOU BOUDREAU

BOSTON, Oct. 22—(AP)—The Red Sox appointed a new manager today—Lou Boudreau, who for so many American League seasons was a nuisance to the Boston team. Boudreau, who joined the Sox last spring after his release as Cleveland manager, succeeds Steve O'Neill for whom he once played.

Boudreau, now 34 years old, was signed to a two-year contract.

O'Neill, who was a coach at Cleveland when Boudreau led the Indians to the world championship in 1948, will continue in the Sox organization's farm system, it was announced.

Financial terms of the new contract as manager were not made known. When Boudreau signed to play two years the contract price was estimated at $130,000.

Clark Griffith, owner of the Washington Senators, publicly announced he had offered the onetime boy manager of the Indians $50,000 for one season.

* * *

The Marion Red Sox baseball team is a member of the Boston Red Sox farm system. George Susce, former Marsox manager, has served as a coach with the Boston team for the past season and half. Susce was moved up to the parent club when O'Neill was named manager to replace Joe McCarthy. Whether or not Susce will remain in his present post under Boudreau was not announced.

## Officials Raid Vice at Lima

LIMA, O., Oct. 22—(AP)—Lima and Allen County officials today created a joint vice squad designed to stamp out prostitution and gambling in this area.

The action followed by a few hours a surprise raid by Allen County Prosecutor Anthony J. Bowers, city police and American Township constables on the Club 30, a mile west of the Lima city limits.

Bowers and his raiders arrested 13 men. They charged six with gambling and seven with operating the club, confiscated a crap table, a roulette wheel and about $1,000 in cash.

The raid—made without the knowledge of Sheriff W. Ray Dailey—came a few minutes before last midnight.

## Not Seen Or Felt; May Be 'Baby' Bomb

### Touched Off Shortly After 6 A.M., Brief AEC Report Says

LAS VEGAS, Nev., Oct. 22—(AP)—The Atomic Energy Commission announced that it set off a nuclear explosion at its Yucca Flat test site shortly after 6 a. m. (P.S.T.) today. It was not visible nor was it felt in Las Vegas, 75 miles away.

The explosion came just as a bright sun was rising over the mountains to the east, and this may have had something to do with the inability of observers to see a flash to the northwest.

It was the sixth atomic blast in Nevada. Five others were set off at the AEC proving ground near here last winter, all before dawn. All were brilliantly visible for hundreds of miles.

The AEC made only this statement:

"One of the nuclear detonations announced by the Atomic Energy Commission on Aug. 28 was held this morning at the Nevada test site."

An AEC spokesman confirmed that the shot was made from the top of a 100-foot steel tower, similar to the structures used in the original A-bomb blast at Alamagordo, N. M., in 1945 and also later at Eniwetok.

**Possibly Smaller**

The absence of any flash would seem to confirm speculation that the AEC has developed a smaller nuclear weapon. Speculation on such weapons has included artillery-type shells and guided missiles with atomic warheads.

This however, was a stationary or fixed-point detonation and would indicate that the atomic scientists have developed what might be termed a baby A-bomb.

A press observer at Cactus Springs, about 35 miles from the test site, said that a brief flash was barely noticeable in the bright early morning sunlight.

But to the small clumps of observers on Las Vegas street corners there was not even a flicker on the sunlit trees.

To newsmen, waiting eight days for the blast — speculation on which had even mentioned the H-bomb—it was a decided letdown. At least a dozen newsmen and photographers were stationed on Mt. Charleston, 40 miles from the test site. They rushed to this vantage point before 3 a. m. today and spent several cold hours waiting for what they hoped would be a huge desert-lighting explosion.

**Believe Troops Not Used**

What they saw was apparently not spectacular.

As far as is known no troops were involved in the detonation today. Approximately 5,000 troops, including a 1,000-man combat team, are at Camp Desert Rock, awaiting participatoin in atomic warfare maneuvers.

Presumably the AEC used today's explosion for further research into radioactivity and perhaps its effect on animals and structures. It was disclosed last week that a number of goats, rats and dogs were placed within range of the blast, some of them inside Army vehicles.

The explosion climaxed weeks of preparations. It was the first daylight detonation in this atomic proving ground area, last winter's blasts coming in pre-dawn darkness.

Unofficially, today's was the world's 20th atomic explosion. In war and peace, the United States has acknowledged setting off 13 of them before mid-Pacific tests at Eniwetok last summer. The AEC never announced the number at that time, but unofficial sources put it at four.

Russia has exploded the other two, the second announced only two weeks ago.

High winds—which might have carried radioactive dust to inhabited places—caused postponement of the test yesterday. An earlier attempt Friday fizzled when a defective electrical connection prevented detonation of the weapon at the Yucca Flat test site 75 miles to the north.

There was some high cloudiness and a five mile an hour north wind at Las Vegas early today.

# Marion County Chickens 2nd in Egg Laying Contest

Chickens from a Marion County farm placed second in an egg laying test sponsored by the Poultry Improvement Commission of the state of California, the commission announced today.

The chickens were entered by the Carey Farms of near Green Camp, which won a $500 prize for placing second. Competing were many of the top chicken breeders in the nation.

The contest was judged on the basis of net income per hen.

Contestants submitted a random sample of 100 day-old chicks, which were raised by the commission. Each entry was penned separately during the test and uniform conditions of treatment and feeding were maintained.

**Cocherels Sold**

At 11 weeks of age, all cockerels were weighed, market graded and sold for meat.

The pullets were retained for approximately 17½ months, six months' growing period and 11½ months' laying period. Then they were slaughtered for meat.

Careful records were kept of feeding costs and income from meat and eggs, sold through regular market channels.

The Carey entry, White Leghorns, earned an average $7.954 a hen and $.206 a cockerel after deducting feed costs.

The first place entry, Leghorns from Kimber Farms, Inc. of Niles, Calif., earned $8.116 a hen and $.106 a cockerel.

The Carey entry, only one from Ohio, began with 54 pullets and only one was lost in the test. Kimber began with 46 and lost three.

**Leghorns in Top 4 Places**

White Leghorns took the first four places in the contest, the second sponsored by the California commission. In the first contest, held a year previously, Rhode Island Reds and a Rock-Leghorn cross took the first three places, but Leghorns captured the next nine. In that test, Carey chickens finished ninth with an average income of $3.595 per hen, compared to the leader's $4.440.

Object of the contest, known as the Random Sample Egg Laying Test, is to encourage breeding of poultry along sound genetic lines for factors of commercial importance, such as higher winter and annual production, better size and quality of eggs, meat quality, rate of growth, resistance to disease, etc.

The test ran from March 28, 1950 to last Sept. 12. The Carey Farms has another entry in the third test, which began last March and will run to next September.

The Carey Farms are operated by Ed Carey. The home plant is located a half-mile north of Mt. Olive Church. Three other farms are located with a two mile radius. All are west of Green Camp off Route 739.

One of the biggest chicken breeders in the area, the farms send chicks all over the United States.

**TWO JOIN CIRCLE**

Mrs. Charles Frank and Mrs. Lois Wineman were welcomed as new members at a meeting of Circle No. 4 of the W.S.C.S. of Epworth Methodist Church Wednesday. Hostess was Mrs. J. D. Williamson of Bellefontaine avenue. Plans were completed for cooperating with the Shakespeare Club in presenting Mrs. Harold Andrews and a group of students from Ashland College, Ashland, in their interpretation of the Book of Job, Oct. 30, at the church. The program will be open to the public. Admission will be free and a free will offering will be taken. Mrs. Andrews is on the faculty at Ashland college. Mrs. Albert C. Augenstein conducted the devotions and Mrs. Homer Waddell gave a paper on "Peace." During the social hour dessert was served by the hostess committee, Mrs. Ben Jacoby, Mrs. W. R. Bogart, Mrs. Augenstein and Mrs. Blanche Cook. Mrs. Howard Swink of 614 Summit street will be hostess for the next meeting, Nov. 15.

## Safety Conference Held in Mansfield

GALION—The North Central Ohio Traffic Safety conference which was held at the Elks Club in Mansfield, Thursday, was attended by 300 persons from this section of Ohio.

Judge Otis R. Hess, general chairman of the Ohio Traffic Safety Council was in Mansfield attending a meeting of the Council. He presided for the conference. Eight counties were represented at the meeting.

The meeting was opened at 9:30 a.m. by Mayor Thomas B. Wright of Mansfield who extended a welcome to the group, and with Judge Hess presiding.

Sectional meetings were held during the morning and panels on subjects pertaining to the safety problems were conducted.

In the afternoon, all panel chairmen reported with recommendations for action. Plans also were made to continue these traffic conferences. Judge Herbert Shettler of Mansfield was named president over this conference. Mrs. Thomas was chosen as vice president, and W. L. Zink, of the Traffic and Safety Division of the Ashland Highway Department, was named secretary.

Attending the conference from Galion were Mrs. Grace Thomas, Ed Hixson, instructor of the Driver Training course in the Galion public schools which is sponsored by the Galion Automobile Club, and Safety Officer Morris Bowers of the Galion police department who assists Mrs. Thomas in organizing the School Safety Patrol in Galion, sponsored by the auto club.

# Jack Boyd Named to New Phone Post

## Appointed Manager Of Central Division In Organization Change

Jack Boyd of 304 Forest street has been appointed division manager of Central Division of the Ohio Associated Telephone Co., C. E. Williams, company president, announced today.

Mr. Boyd assumed his new duties Oct. 1 and will maintain offices in Marion.

Mr. Boyd, former district commercial manager for the company, will be in charge of the administration of the company's operations for the central area of the state, which comprises 26 exchanges including Marion.

The new division manager has been associated with the company for more than three years and prior to that time was connected with the Pennsylvania Telephone Corp. He is married and the father of one son.

Appointed to Mr. Boyd's staff in the capacity of division plant superintendent is J. W. Casteel and T. B. Collins has been appointed division commercial manager.

Miss Esther Stafford as division traffic supervisor will direct traffic operations under Mr. Boyd and R. L. Miley becomes the Division Engineer.

Mr. Williams stated that the establishment of a Central Division is a change in the company's organization, supplementing a district level, and results from the growth of the system in this area. He pointed out that since 1946 the number of telephones in service in the area now comprising

the Central Division has increased through installations from 17,362 to 22,715.

# Rep. Vorys Would Use Nationalists

COLUMBUS, Oct. 22—(AP)—Rep. John M. Vorys (R-Ohio) says one of his first actions as a delegate to the United Nations meeting in Paris Nov. 6 will be to urge the use of Chinese Nationalist troops in Korea.

Vorys, ranking Republican on the House foreign affairs committee, said in a speech here yesterday he also will urge the U.N. to:

Attack the Red "sanctuary" beyond the Yalu River, refuse to recognize the Chinese Communist government and not to agree to any truce along the 38th Parallel.

Vorys was confirmed as a U.N. delegate by the Senate Friday.

## *If Nosebleeds Are Frequent*

Most people think of nosebleed as a trivial disorder, meriting at most only first-aid measures to stop the bleeding. In most cases this is true, but when such episodes are a matter of frequent occurrence, they indicate need for a thorough physical examination, since hemorrhage from the nose may be one of the early signs of a serious illness.

In a child, for instance, this condition may be one of the first indications of rhumatic fever; in the young adult, it may be one of the early manifestations of leukemia, or it may show that something is amiss with the clotting mechanism of the blood.

Of course, the most common cause of nosebleed is injury, due either to picking the nose or to a blow. Very often the inhalation of chemicals or working in excessive heat is responsible for the condition in industrial workers. Exposure over long periods of time to either of these factors causes dryness of the membranes and leads to nosebleed.

Nosebleed may also be caused by certain vitamin deficiencies, such as a lack of vitamin C; by high blood pressure, heart disease, and hardening of the arteries or arteriosclerosis. It is also very common among those in high altitudes.

It is most important that, in all cases of nosebleed, the cause be determined. Every person having a nosebleed should have a thorough physical examination, with a careful check of the blood pressure, a complete blood count, and study of the blood-clotting mechanism of the body.

A person with a nosebleed should be propped up in a sitting position. Sometimes an ice pack to the nose is of help, or the use of a small cotton pad inserted in the nose may stop the bleeding.

Many cases can not be stopped in this way, and a doctor has to be consulted. He may have to pack the nose or stop the bleeding by using certain drugs or the electrical cautery on the bleeding area. If the hemorrhage is too severe, transfusions may have to be given.

It is most important that in all cases of severe nosebleed a physician be consulted.

**Questions And Answers**

E. Y.: My sister has had five children. She now has to urinate every hour and loses her urine when she coughs or sneezes. What would you advise?

Answer: It is most likely that your sister has a dropped bladder due to a weakness of the vaginal wall. As a rule, this can be repaired successfully by surgery.

# *Guard Stork Club After Bomb Scares*

NEW YORK, Oct. 22—(AP)—Two anonymous tips that the fashionable Stork Club would be blown up brought police squads to the restaurant twice over the weekend.

Both times emergency squads went through the eight-story building housing the club, but they found no explosives. The first scare was Saturday night, the second yesterday.

One caller said the club would be bombed because it refused to admit Negroes.

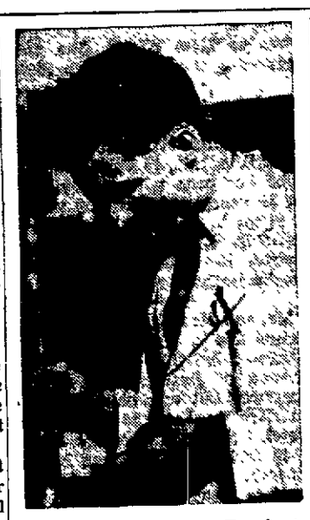
Singer Josephine Baker, a Negro, has complained that she was ignored by Stork Club waiters when she visited the place last Tuesday.

**MARTEL PARTY PLANNED**

A public masquerade party and carnival sponsored by the Martel Community Club will be held Friday night at the school. There will be prizes for costumes, and other prizes awarded, and lunch will be served. Time of the event will be 7:30. Community Club president is C. R. Rice.

**HOSTESS TO CLASS**

For a meeting of the Greenwood E.U.B. Lulu Beery Bible Class Thursday night, Mrs. Stella VanZant was hostess in her home at 322 Patten street. Scripture was by Mrs. Sam Smith, and prayers were by Mrs. Paul Cyders and Mrs. Imo Heth. Mrs. Claude Bosh, president, appointed a nominating committee, Mrs. Cyders, Mrs. Clarence Gorenflo, and Mrs. Joe Higley. Readings were by Mrs. Heth and Mrs. VanZant.



**VANISHED SCIENTIST.** Dennis O'Connor, one of the two British scientists who mysteriously disappeared and who had access to the atomic energy station in Harwell, England, is shown at work at the National Institute for Medical research in England. O'Connor, 25, was described by the London Daily Mail as an avowed Communist. The other scientist is I. G. Campbell. Both are said to have vanished abroad with their families. No security matters are involved, however, said one official. The case recalls the still unsolved disappearance of British diplomats Donald MacLean and Guy Burgess five months ago.

# *Volunteer Air Reservists Hear Liaison Officer*

Members of the 9518th Volunteer Air Reserve Training Squadron at a regular meeting last week heard aims of the reserve program explained by a Group Liaison officer from Columbus.

Speaker at the meeting, held in the Veterans Memorial Home, was Lt. Col. P. R. Lindimore of 9104th Group headquarters. He briefed the local group on recent Air Force developments and outlined benefits offered to members of reserve components in the volunteer status.

The local group which comprises men fom Marion and the surrounding area is headed by Maj. Howard M. Hinderleider. Other Squadron staff officers include Lt. Luther J. Amrine, Lt. Donald P. Clarke and Lt. George T. Webb. All are from Marion.

MAYBE YOU HEARD a flash report on TV or radio. But the minute you got a chance, you grabbed for your *newspaper*.

You knew it was the only place to get the whole story—*fast*. There in the paper was everything . . . facts you couldn't get in a hurried broadcast . . . or couldn't wait for till they appeared in magazines.

Every day dozens of stories are only half-told—or not told at all—*until you read your newspaper*. Miss an issue and you feel like a hermit. For it always turns out that something has happened that everybody knows about but you.

And everybody else feels the same way. Everybody reads the newspaper every day—for the news on Tito . . . or for prices on Hopalong Cassidy shirts for boys.

That's why, when you have something to sell, the newspaper is the place to reach *all* the people all the *time*.

**In advertising, why deal in fractions?**

**Magazines** reach only fractions of your market. Each one appeals to some people—not to others. No magazine is read by everyone in town who can possibly buy.

**Radio and TV** programs reach only fractions, too. Each one appeals to a limited audience—sport fans, homemakers, kids, etc. And how many of these can listen at the time *you* broadcast?

**The newspaper** talks to everybody in town. It's created fresh every day for everybody. Just as *you* read the paper now, all of your customers and prospects read the paper, too—at the *time* they choose, for as *long* as they choose.

Only the newspaper is first with the most news . . . first with the most people, first with the most advertisers.

*The newspaper is always "first with the most"*

# Love Triumphant

By ADELE GARRISON

"I'll do my best to sound convincing," I told Dicky, "but I'm not specially optimistic about my success."

He gave me a sympathetic pat on the shoulder, as he steered me back toward the living room.

"There are always sleeping pills," he said, "and, after all, Mildred's dolor will be for one night only. I'm banking on what Dad will tell her in the morning, and so are you. She'll be right as rain as soon as she listens to him."

"I hope you're right," I said.

"You know I'm right," he retorted with such assurance in his voice that my own speculation concerning the answer my father would find to our hapless guests problem was bolstered into conviction that all would be well.

"Please keep everybody talking," I whispered as we neared the door of the living room, "while I whisk Mildred back into the bedroom for another conference."

"Can do," Dicky whispered back, and justified his assertion so successfully later that I think only Bill noticed that Mildred had slipped away with me into the bedroom.

"I have some good news for you, dear girl," I said, when I had waved her to a chair opposite mine. "My father—"

She came up from her chair as if I had set off a giant firecracker beneath it.

"Oh! Oh!" she cried despairingly. "Surely you didn't tell your father what I said? I told you I would go through with it. The rest—about leaving college—surely that is my own—"

She paused, palpably not willing to risk offending me, and I finished her sentence for her.

"Your own affair? But it isn't. It's the affair of the man who planned this thing—my father. He is entitled to know the sacrifice you are making, the wrecking of your life dream."

She put her face in her hands, while her slender figure shook as if icy waves were going over her.

"I am so ashamed" she moaned at last, taking her hands down from her ravaged face. "I never should have broken down and told you what I was feeling. The soldiers facing death, and torture, if captured, aren't wailing about their blighted hopes. I'm so sorry that the Chief knows. I really wasn't thinking straight when you asked me to wait until you had seen him before taking any step about the college. I should have known you were going to tell him about this."

Her voice trailed away into silence. I rose, and leaning over her, gripped her shoulders.

"Are you going to stop this nonsense, and listen to my good news?" I demanded with an infusion of iron in my voice.

She looked up at me with startled eyes in which I saw no gleam of hope.

"I suppose you are going to tell me that your father is going to release me, and get some one else to do the task he thinks I'm shirking," she said dully.

I gave the shoulders I still held a little shake.

"You little know my father," I said. "With this vital problem in front of him, he would accept your sacrifice without a qualm if he saw no other way out. But, I want to tell you that he not only is a martinet, but he is a miracle worker. I often have seen him in action, and when he makes a promise, he means it. Now, I want you to listen carefully, while I quote the exact words he used just now."

## Token Bite

THE tax increases voted by the House just before Congress adjourned will hurt. But the significant things about them is that they are only a token bite out of the scarred hides of taxpayers, only a foretaste of what is coming, unless the United States revises its budget system.

The fantastic cost of government is being blamed on the war and the possibility of a greater war, but that is an evasion. The fact is the cost of government would be fantastically high with no war and no war scare. It would be that way because federal budget practices encourage spending in all categories and discourage saving.

Secretary of Commerce Sawyer, who has been talking about this, warns that such an easy-spending arrangement can break the back of the national economy. It is exactly as if a family's rate of spending were to be determined by its wants, instead of its means. That could happen only if the family could operate indefinitely at a deficit, like the government.

Congress compromised on the tax issue, voting to raise only about half as much new money in taxes as is needed to raise to cover the new expenditures it authorized. The rest will go on the cuff, along with the more than $275,000,000,000 already placed there as a result of spending more money than Congress could or would collect in taxes.

## A Man's Life Is His Own

TWO ideas will grow out of President Truman's plan for a collection of his papers similar to the ones authorized by Franklin D. Roosevelt at Hyde Park.

First will be the idea that Mr. Truman is not drawing a bead on the 1952 Democratic nomination for President if he now is thinking about putting his official papers in order.

Second will be the idea that the United States needs a policy to follow on this sort of thing, to avert misunderstanding. It is a sure bet that Mr. Truman's plan will revive the issue raised when Mr. Roosevelt authorized the collection at Hyde Park—of whether or not the documents in that collection were his to dispose of as he saw fit.

The impossibility of commandeering presidential papers is evident. A man's life is his own, and there is no conceivable way to impersonalize the papers of a Chief Executive of the United States. His right of privacy cannot be set aside to please his critics.

## Just Like 1948

EVERYBODY who is anybody in Britain is dead certain that Clement Attlee's prime ministry will yield to Winston Churchill's bid next Thursday.

The betting odds are against a Labor Party victory. All politicians who have been keeping their ears to the ground claim to know that Churchill's followers are a shoo-in.

All, that is, except a few. These and a few hardshells who take a lot of convincing are noting a significant resemblance to something that happened in the United States in 1948.

All the usually reliable signs that year indicated that Harry Truman was running behind and had no chance to catch up. He had run the entire race from behind, in fact. His own backers were divided, as are Attlee's backers in England. Governor Dewey was breathing easily and covering the ground in giant strides as the contestants turned into the stretch.

There was something wrong with the picture, but it fooled nearly everybody until all the votes were counted. What was wrong was the usually reliable signs were not reliable in 1948. There are skeptics in England who say they are not reliable over there, either, and that Clement Attlee will go back to being prime minister after next Thursday.

## Ignorance Was Bliss

WITH the customary misgivings about any pat statistics on a variable subject, Americans will accept a report from Federal Security Administration that the average length of life now has reached 68 years. They doubt it, but they will take the government's word for it.

Beyond that, however, they will reserve the right to draw their own conclusions.

For example, they will not adopt the official conclusion that it necessarily is a blessing to have reached an average life span of 68 years, not unless it can be demonstrated that the average life is correspondingly happier and more useful.

Nor will everybody share in the conclusion that an average life span of 68 years is a tribute to the wisdom and enlightenment of the American people. A comparable statistic in the Psalms, reflecting what was commonplace some thousands of years before men even had found out that the common cold could not be treated successfully, sets "the days of our years" at three-score and ten, with prospects of lasting until 80. And there is no mention of hypertension, gastric ulcers, or heart disease caused by burning the candle at both ends. In other words, since 68 represents an increase of 24 years in half a century—according to statistics—the United States must have offered the world's gloomiest prospect circa 1900.

# Indispensable Capital

By Raymond Moley

### *Tax Bill Shuts Off Supply of New Funds*

IF THE general public could comprehend more clearly the role that new capital plays in our national life, we would be hearing more protests against the growing burden of taxes, once more underlined in the terms of the new tax bill. It is true that when tax days come there will be planty of groaning. But that will largely be from people who hate to see the amounts left to live on shrinking still further.

MOLEY

This pinch on individuals is very serious, it is true. But a deeper injury is done by the enlarging bite taken out of big incomes by the government. This is the progressive drying up of our sources of new capital, the nourishment without which natural growth will stop and decay will set in.

The average wage earner no doubt takes the basis of his job for granted. The rich employer, he thinks, buys the plant and machinery at which he works. Somehow, the stuff he makes is sold, and out of the proceeds he is paid his wages. He is suspicious about the profits that the company keeps out of earnings. Demogagic labor leaders tell him that those profits are enormous and that stockholders are getting an unfair share. The company, too, he is told, is folding out a big chunk of those earnings—much too big for comfort.

* * *

**NEVER IS HE TOLD** by those trumpeters for higher wages that the money withheld out of earnings is what makes possible his own employment. Instead, he is told that he should not be taxed, because there is plenty of money in the higher incomes that provides fine houses, luxuries, and waste. He is not told that out of those higher incomes and company surpluses there has always come the life-giving capital that makes for jobs and good wages.

A few figures based on the new tax rates, properly interpreted ought to dispel his illusions. For they show how little there is left for new capital and how meager the return will be on new investments in industry.

Let us take as an example a married person whose income is $16,000 a year. The government under the new bill takes $4,396 in income tax, leaving him $11,604. This person lives at a reasonably careful standard, and after his bills are paid he has, perhaps, $1,000 left for investment. This, it may be said, is a fairly good record of savings for such a person, considering the demands upon him in his station in life. At any rate, let's say he has saved it.

* * *

**IT IS CAPITAL**, and he wants to put it to work. Then he consults a tax man, who tells him the following:

"Under the new tax law, if you invest your $1,000 in new stock in an old corporation, the return to you for each dollar earned by that company will be very small. If the corporation earns 12 percent before taxes, or $120 on your $1,000, the government will take 84 of those dollars, and you will get $36. If your corporation makes 30 percent, or $300 before tax on your $1,000, the excess profits rates will apply. Then the government will take 244 of those dollars, and you will get $56.

"Now I am assuming that you will be wise or lucky enough to pick a company that will make such earnings as these. You can't buy with any such assurance. Nor can you be certain that the company will make that much a year later or a year after that. It is probable that on an average over 10 years your return will be still less. Also, there is the probability that taxes will rise, and the bite of the government will be still greater and your return still less."

* * *

**THIS SIMPLE** illustration will show why capital will be scarcer and scarcer as the years pass, why companies will be unable to expand or even to maintain the efficiency of their present plants. And when capital dries up, industry lags and jobs will be harder to get. For capital makes jobs.

# Is This Man Crazy?

ROCK GAP, W. Va.

A BIG, muscular individualist with a serene spirit and an amazing list of skills, Joe Miller will accept no higher wages than $1 a day because he believes that's all a man is worth.

For 30 years, Joe has worked on farms in Maryland, Virginia and West Virginia as butcher, blacksmith, veterinarian, machinist, farmer, carpenter—all for $1 a day and meals. And any one of a score of farmers will tell you his services are in extreme demand—not because of his low wage, but because of his skills.

'Miller butchered seven hogs for me one day last year," one farmer said. " He worked from 5 a.m. until 10 p.m. He killed the hogs, dressed them, cut them up, made lard and sausage, canned pounds and pounds of meat, then tidied up the yard—all for $1 plus his meals.

"I tried to make him accept more money. He looked at me and said: "One dollar is my price. Keep your extra money. D'you want to make me angry with you?"

Is this 67-year-old free spirit carrying on a one-man battle against inflation?

"Not exactly that," Miller says. "I'm fighting to keep my integrity. It's a matter of principle. I don't believe a man is worth more than $1 a day.

"A dollar a day! But how do you live on it?" he mimics the incredulous queries of strangers.

"Most people have only one job and that's all they do or can do. Left to themselves, most would starve to death."

Miller builds barns and houses, operates and repairs thrashing machines, tractors and wagons, sharpens saws and scythes, treats sick cows, horses, hogs and chicken, shears sheep, tans and cures hides, and blacksmithing is an old story to him.

He supplements these earning skills by shooting hawks for the bounty—"the only way a man can take money from his government without blushing"—raising a garden and chickens. "And remember," he chuckles, "I seldom eat at home."

Miller lives in a ramshackle four-room house far out in the country. He helped build the place 40 years ago.

"Most people work just to make money and more money," says the Morgan County bachelor. "Then they take the money and use it to clutter up their lives with pleasure stuff. They buy and buy, prices rise higher and higher and nobody enjoys one-tenth of what they have. A man ought to work first for pleasure and pride in a job well done—not just for money, money money.

"Living is a matter of government. And good government begins with self-government. If men would try to govern themselves, the country would be on its feet in right smart time."

Farmers hire the versatile farmhand as much as six months in advance. And though he does not record the dates, he never forgets a promised day's work.

"There's nothing marvelous about it," he says. "I don't clutter up my mind with worry and wants and such junk."

He does make a concession for married men:

"They'll need more than $1 a day. I'd say another 50 cents for the wife and for every child under 12, though that may be a bit high. Because, remember, a man can also sell timber, honey, milk, chickens and eggs to make money—if he needs it."

## Congress Quiz

Q—Can a conference committee working out the differences between the House and Senate versions of a bill write in changes not in either version?

A—Yes, if it doesn't "inject new matter," according to Vice President Barkley, ruling on that question Oct. 1 during debate on the foreign aid conference report. Conferees had raised from 5 to 10 percent the money the President could shift from one program to another. Senator Henry C. Dworshak challenged the action. Barkley's ruling was sustained the next day 41-36 on a roll call vote.

# Nobody Loves the Leader

By George E. Sokolsky

BEGINNING WITH Woodrow Wilson's fourteen points and his advocacy of the League of Nations, the United States accepted, not without considerable internal opposition, the role of leadership in world affairs. What that meant in practical terms has been that the United States succeeded to what had been for at least two centuries, Great Britain's place in international affairs.

There has been no evidence that any large element of the American people aspired to this role. At no time since the defeat of the Paris Treaty in 1920 has any kind of referendum been submitted to the American people over the role this country is to play in international relations. In no political campaign since Warren G. Harding was elected President has an issue of peace or war, of international leadership, of imperialism been submitted to the American people, the grand-scale developments in this field, involving this nation in war and in bloodshed, are the result of day-by-day administrative decisions and acts which face our people as faits accomplis.

SOKOLSKY

* * *

**THERE IS NO USE** speculating on what might have happened had Willkie or Dewey debated these questions or if Senator Vandenberg had not pursued the bipartisan foreign policy. The fact is that by agreement between Democratic and Republican leadership, the foreign policy of this country and the actual implementation of that policy have never been submitted to the American people. Nor has the entire truth concerning it been documented so that the people understand what has happened and what the cost has been.

We have been going back and forth over the China situation with a bitterness and recrimination that is now strictly personal and is likely to be a principal issue in the next Presidential campaign.

Yet, for most Americans that issue it not clear. Shall they believe Harold Stassen or Philip Jessup, Louis Budenz or Owen Lattimore? Are they to believe Gerard Swope about the Institute of Pacific Relations or the documents found in E.C. Carter's barn in Lee, Mass.? Is Joe McCarthy a liar or even crazy or is Dean Acheson hiding something that is itching to come out?

* * *

**THE PUBLIC** will have to know one day why they are stuck with the Korean war. They will have to know why to date there have been 90,000 casualties in what was obviously an avertible war. No. brilliant publicity planning can save the architects of that error.

But that is not all that will have to be understood. This role of leadership is becoming burdensome. Here we are involved in Iranian oil. What are we going to do in Iran? Are we going to force the Persians to capitulate to the British? Are we proposing to make those people hate us? Do we plan to drive them into Russia's arms? Are we trying to convince the entire Moslem world that the United States is their enemy?

What decision of the American people, in Congress assembled or at an election, has authorized anyone to give the Moslem world fram Casablanca to Pakistan cause to hate the United States? It was apparently intended to include Iran in the Truman containment document, which somehow was watered down to Turkey and Greece. Why Turkey and not Iran? Why Greece and not Formosa?

* * *

**HOW DEEPLY** are we going into Egypt? Are we entering upon a police action on the Suez Canal? Will the British do it alone or shall we step in too? And what if the British go it alone and the Egyptians defeat them? After all, Israel beat the British and the Egyptians combined. There is no telling what can happen in these nationalistic days when some men fight for power and others for glory.

Is this Suez Canal just plain old-fashioned imperialism or is it one of those United Nations resolutions to maintain everywhere the status quo of 1945?

What happens if Iraq, Syria, Saudi Arabia, Jordan, Yemen and even distant Pakistan get into this quarrel between Islam and Britain, are we not involuntarily involved under the North Atlantic pact? Should not NATO act, with Eisenhower, at the head of a European army consisting of American troops?

Leadership is not just words and speeches, it involves fighting, constant, interminable war. Leadership has brought to our shore the permanent war. We worry about Joe. Stalin, but that is only one front. What of the Islam front? The Indian front? The Indo-Chinese front? The Philippines front?

It is a big world and nobody loves the leader.

One of the early pioneers of Prospect Township was Robert Cratty, native of Pennsylvania, who died Aug. 20, 1877 at the age of 103 years. He moved to Delaware County in 1817 and three years later established his home one mile east of Prospect. He helped build the first house in Prospect and the first schoolhouse in the township. The schoolhouse was built of hewed logs with a rough clapboard roof and windows of greased paper. David Davis was the first teacher. For many years previous to his death, people for miles around met each year in Mr. Cratty's grove as a token of respect to the pioneer.

MINNEAPOLIS—(AP) — Only one American breadwinner in four really goes for the idea of retiring to a life of complete leisure when he gets up around 65. Three out of four want to keep on working, or at least to "do something useful" in their retirement years, according to a survey of male policyholders by the Northwestern Life Insurance Co. Of 3,000 men covered in the survey, only 24 percent want a life of ease when they reach retirement age. Most of those who selected such a retirement were men now under 40. Thirty-nine percent said they wanted to be financially able to cut their working hours and change to a lighter occupation after retirement.

# The Once Over

By H. I. Phillips

### *Vaudeville's Return*

Two-a-day vaudeville came back to the American amusement world this week. And this time it wasn't so hard to convince the audience that there was a time when they put movies on just to chase the customers out with a clear indication that the real entertainment was over. The movies drove the audiences out of the vaudeville house. They may now have driven them back. With a lot of help from video. Video is responsible in two ways. First, it has really revived the versatility once found in the vaudeville theater. Second, it has shown the tremendous video audience a place to go where it can see an occasional act without a BALLET PRELUDE!

PHILLIPS

Vaudeville reminds us of television. It's so different. The old time variety show had its faults, but the performer had to be good, not merely daring. It wasn't enough to be photogenic, well groomed and noisy. Charm helped, but the vaudevillians had to have good material, a style of their own, and genuine ability plus intestinal fortitude . . . and have them all in the tough days when nobody got a pot of gold for a night's work.

* * *

The act had to be good everywhere, not just pleasing to hard-boiled audiences, to some soap-powder executive, advertising agency whizz boy or video vice president. The audience, having taken the trouble to travel through a blizzard and paid in to see your act, said, "Now gwan and make me laugh!" And the performer didn't live who could offset a chilly reaction at the Palace by whistling for applause or motioning for the audience to come up with warmer approval.

* * *

Nobody ever saw a vaudeville performer try to go over a little bigger by pronouncing a benediction, pulling a tear-jerker about his love for kiddies and thanking all Americans everywhere for letting him into their hearts. That was away back when people looked for benedictions from the church and settled for good fun from the comedians. There was a recognized barrier between the performers and the audience and you were never supposed to have taken any stranger into your family circle just because you applauded his act. A comedian could be great and still not be your living room pal and your fireside buddy.

* * *

The vaudeville lads and lassies were an able, resolute rugged and independent crew, willing to stake their routines on your judgment without closer sentimental ties if not all-out love. They professed no immense satisfaction that an audience had permitted them to appear on the program. Some of the greatest comedians ever known to the stage never gave a damn whether they came into your home or not, or cared especially whether your kiddies ate their cereal.

* * *

With Judy Garland as the top dish, the Palace show this week seemed to put vaudeville back into the picture. The opening night build-up and the frenzied emphasis on the presence of notables could be taken with a grain of salt. Most of the first-nighters were those "biggies" who would rather die than miss an occasion which promises personal publicity and another photograph. The audiences from now on will tell the story, and our guess is that this time vaudeville is back for quite a stay. The country is video conscious and when you're video conscious you're vaudeville conscious. Then, too, video, has brought out thousands of new performers, and certainly revived plenty of old ones. "Direct from the Palace" was once a great help. And it may be again.

Bob Taft has violated all the rules of political timing by coming out for the Presidency a year ahead of time. The spectacle of a candidate being perfectly honest and candid in his campaign for the highest office in the land is pretty flabbergasting.

## News of Other Years

**TEN YEARS AGO**—It was Wednesday, Oct. 22, 1941.

Adolf Hitler's invasion armies faced the prospect of sitting in winter-bound trenches until spring almost within sight of the two great prizes that failed to fall, Moscow and Leningrad.

The 51st anniversary of their marriage was observed by Mr. and Mrs. M. J. Morral in their home at Riverside Farm on the Marion-Upper Sandusky pike. No celebration was planned but friends and neighbors were welcomed during the day.

A daughter was born to Mr. and Mrs. Robert Clemens of 616 North Prospect street.

Climaxing a brilliant railroad career, Robert E. Woodruff, former Marion man, was elected president of the Erie Railroad Co. at a meeting of the board of directors in New York City.

Mrs. A. J. Seckel of 160½ John street entertained at her home to announce the engagement and approaching marriage of her daughter, Mary Louise, to Franklin Ballantyne, son of Homer Ballantyne of 627 East Center street. The date was set for Nov. 19.

* * *

**TWENTY YEARS AGO** — It was Thursday, Oct. 22, 1931.

Premier Pierre Laval of France arrived in the United States for conferences with President Hoover on world problems.

Mr. and Mrs. R. W. Messenger of North Seffner avenue celebrated their 64th wedding anniversary.

Miss Leanore Greenland and Delmas L. Redding were united in marriage at the bride's home on Davids street by Rev. B. Tyler Gates, pastor of St. Paul's English Lutheran Church.

It was announced that Charles Osterholt, 21, of Uncapher avenue had been granted a medal by the national swimming and life saving committee of the Y.M.C.A. for his rescue of 7-year-old Richard Patchett of Upper Sandusky from drowning at Harrison Smith Park, Upper Sandusky, on July 4, 1931.

The Marion Merchants Association voted $50 to the fund started by the Boosters Club for a high school athletic field.

Miss Roma Bader of Forest street was elected president of a young women's organization which, it was hoped, would become the nucleus for a Young Women's Christian Association in Marion. Only former members of the Girl Reserves of Harding High School were eligible.

Asa Queen of Marion was appointed grand senior deacon of the Ohio Grand Lodge of Masons at the close of its three-day meeting in Springfield.

C. B. King of Marion, president of the Ohio Manufacturers' Association, was in charge of a meeting of its members when they met in Columbus to hear discussions of Ohio's new tax laws.

# Veterans and Draftees Guide

—By—

**Major Thomas M. Nial**

SO YOU MISSED taking the student deferment exam last school year? Well, you have another chance coming up. Take your pick of one of two dates: Dec. 13, 1951, or April 24, 1952. Both are Thursdays.

The rules are simple. You must be satisfactorily pursuing a full time college course, must be a draft registrant, must not have taken the test before and must intend to apply for a 2-S student deferment.

You may not take the test again if you flunked last time, or if you passed last time and want to better your score.

Nor can you take it if you are not actually in college at the time of application. If you want to take the test Dec. 13, your application card—which you may pick up at any draft board, not necessarily your own—must be postmarked not later than midnight Nov. 5, 1951.

* * *

**IF YOU WANT** to take the test next April 24, you have until midnight March 10, 1952, to get your application postmarked.

High school seniors and other not in college right this minute will not get a crack at these tests unless, of course, they are enrolled before March 10.

You may qualify for a 2-S deferment either by getting a certain score on the test or by having a certain class standing.

Freshmen, sophomores and juniors who score 70 or higher may be deferred for another school year. Seniors who score 75 may be deferred for a year of graduate work.

Or freshmen may be deferred if they're in the upper half of their class, sophomores in the upper two-thirds, juniors in the upper three-fourth and seniors in the upper half. Their colleges must write their draft boards, giving their class standing.

* * *

**THOSE ALREADY** in graduate school do not have to take the test at all. Their schools need merely certify that they're doing good work and are likely to get a degree.

Remember you must apply in writing for the 2-S classification. It does not come automatically merely through taking the test.

Your board is not required to defer you even if you stand at the head of your class and get a top score on the test. But if it doesn't defer you, you have the right of appeal within 10 days after your Notice of Classification card is mailed.

If you already have a deferment for some other reason, it might be wise to take the test anyway. You never know what might happen to cause you to lose your present deferment. For example, a flock of 3-A men with only one dependent are now being reclassified. Unless they rate a deferment for other reasons, they'll be 1-A.

Another point: you may have pretty high marks and think your class standing good enough to get you the 2-S tag. But three things might happen that would leave you out in the cold: (1) Your class standing might drop, (2) the class standing requirement might be raised, or (3) both a good test score and good class standing might be made the requirement for a deferment, instead of one or the other as at present.

* * *

**SO MY ADVICE** is take the test no matter where you rank in your class.

When you get the 2-S classification, your military service is merely "deferred," which means delayed or postponed. You are not exempt entirely from 24 months' active duty. You must serve when you complete your education.

And the moment you get an educational deferment — or any deferment—your maximum draft age automatically becomes 35. You are liable for the draft until your 35th birthday.

# First Quarter Outlook For Steel Bright

CLEVELAND, Oct. 22—(UP)—"More realistic" allotments of steel and related products by the National Production Authority promises hope that a supply-demand balance in the industry would be achieved by the first of next year, Steel magazine said today.

The prospect, Steel said, resulted from several factors: the "get tough" policy of NPA in ordering consumers to cancel duplicate tonnages; the general better balance in mill production, and the regulated demand needs fostered under government directives.

NPA allotments for the first quarter, the magazine said, would generally be smaller, especially in plates, bars and shapes. Reductions in supplies in civilian goods, reflected in cancellation of sheet orders, will leave more production for defense goods.

The controlled supply picture will result in cutbacks in some industries, and steel cited railway car building and shipbuilding as two examples.

The magazine said that 1952 should see almost complete conversion to the balanced supply problem. In addition to certain NPA regulations on civilian construction and manufacturing, Steel said, mills will begin operating new facilities by the middle of the second quarter, boosting even higher the present record production.

The shortage of scrap continues to plague mills last week, Steel said, and some manufacturers reported operating on a day-to-day basis. However, early reports indicated that scrap drives throughout the country might relieve the situation in the coming months, Steel added.

The magazine's weighted index on finished steel held last week at 171.92, as did the arithmetical composite of $106.32. Both figures remained constant under government regulation.

### CHURCH CLASS MEETS

A Halloween party highlighted the meeting of the Loyal Crusaders Class of the First Church of God, Thursday night at the home of Mr. and Mrs. Robert Hayman of near Marion. Prizes were awarded to Mrs. Robert Koch and Miss Luella Davidson. The business session was conducted by Mrs. Fred Morgan, president, who also read the scripture. Prayer were given by Mr. and Mrs. Robert Koch and Mrs. Morgan. The next meeting will be held at the home of Mr. and Mrs. John Bogucki of Henry street.

### CHURCH CIRCLE MEETS

An all-day sewing meeting of Wesley Methodist Circle No. 3 was held Thursday at the home of Mrs. R. E. Davis on Herman street. At noon a covered dish dinner was served. Prayer at the table was by Mrs. Charles Clark, a guest. Sewing was done for the Christmas bazaar of the W.S.C.S. at the church Dec. 7. The next all-day sewing will be at the home of Mrs. L. A. Snedeker on Sugar street. Members are to bring gifts for a Christmas box to be sent to the Mothers Memorial Center, Negro community house in Cincinnati.

Why are the services of your Life Insurance Agent so important?

To make sure your Life Insurance plans continue to fit your needs and desires

Families have different incomes and varying needs for life insurance. Some have to support children. Others have the responsibility for aging parents. Some want to assure maximum protection for the family now, or plan for college for the youngsters. Still others want to provide for their own retirement years.

These situations change throughout a person's lifetime.

At any time, you are entitled to call upon your life insurance agent and your company for the service you need to meet these changes.

**Today more than 150,000 life insurance agents are qualified by training and experience to help you select and use life insurance effectively.**

Your policies should be checked over at least every second year. This service is without extra charge. And both your life insurance company and your agent *want* you to make use of it. It is every policyholder's privilege.

**America's 83 million policyholders, through life insurance, are making America a better place to work in and to live in. They are providing for the future of their families and themselves. Their life insurance dollars are invested all over the country. And their healthy habit of thrift is one of the nation's strongest bulwarks against inflation.**

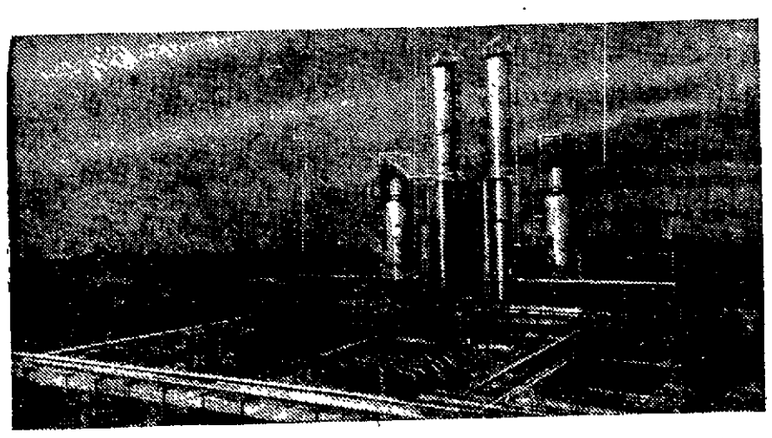
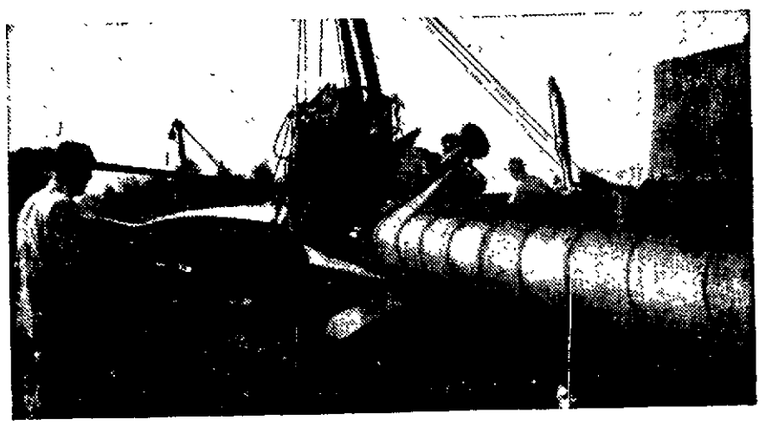
★ Here is an artist's conception of a section of the Spraberry trend in West Texas where Sohio is drilling wells. Three years ago it was a wasteland, deemed unproductive because of the density of the oil-bearing sandstone. Today, thanks to the hydrafrac process (a new method of recovery) it swarms with oil men and their gear. To get the oil out, Sohio and other oil companies are building a pipeline with a daily capacity of 300,000 barrels. To fill such a pipeline the first time will require 2,000,000 barrels of oil.

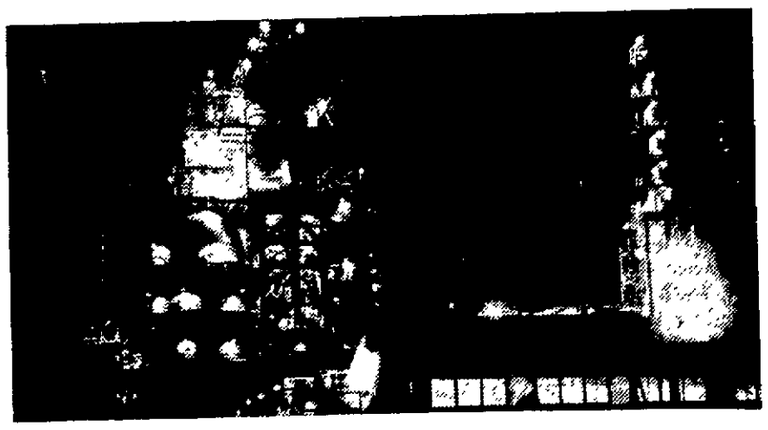
## HERE ARE SOME OF **SOHIO'S** CONTRIBUTIONS TO OIL'S MULTI-BILLION EXPANSION PROGRAM SINCE THE OUTBREAK



New crude stills of the very latest type, now under construction at Sohio's Cleveland Refinery, not only will increase total capacity of all Sohio products, but will also enable Sohio for the first time at this refinery to produce jet fuels of the highest quality. Such fuels are the life blood of our expanding air force and will be used more and more in commercial flying.



The planned West Texas Gulf Pipeline, in which Sohio will share ownership, will bring out the oil from Spraberry and other West Texas wells. It will have a capacity of 300,000 barrels per day. When completed it will hook up with the 1000-miles-long, Sohio co-owned Mid Valley Pipeline, completed last year at a cost of $56,000,000—and now being expanded with an additional investment of about $8,000,000.



Sohio's new Solvent Lubricating Oil Plant recently completed at Lima, is probably the world's most modern. It cost $13,000,000 to build and has made possible such improvements as Sohio HQO (super-detergent) Motor Oil.

# OIL MAN *IT CAN'T BE DONE!*

## With oil even more important to defense than atomic weapons and ***more oil*** vitally needed, oil men are performing miracles to get it

## Impossible obstacles are overcome as resources of Western Hemisphere are probed and harnessed

Just how important oil is to national defense may be judged from the fact that in World War II two-thirds of all tonnage transported overseas, including manpower, was petroleum products. Despite the oil industry's unprecedented expansion since V-J Day . . . expansion which has added 1,950,000 barrels of petroleum products *per day* to U. S. production . . . there is still not enough oil to meet future military and civilian needs. While there is no shortage today, at least another million barrels per day–possibly more–is needed by early 1953.

This may seem an impossible goal, but oil men have accepted the challenge. Virtually every refinery in the U. S. is expanding its output, and new refineries are being built. But perhaps the most dramatic story is being written by the men who find the oil, get it out of the ground and transport it. The whole Western Hemisphere is their field of operations.

In the U. S. alone these oil pioneers have opened up vast new sources of crude—in the Rocky Mountains, where they had to find new methods of deeper drilling to tap hitherto hidden reserves; in the Williston Basin, a recently opened oil area in North Dakota and Montana; among the Ute Indians of Utah; in Kansas and Louisiana; in the Spraberry trend of West Texas, where a new production method called hydrafrac process is obtaining oil from a vast area formerly believed to be unprofitable.

These new U. S. developments are only part of the feverish search for oil. High expectations are held for oil in Saskatchewan, Canada, and the search continues deep in the jungles of Venezuela. Today some 700 geophysics crews are sounding the subsurface of the hemisphere for still other sources.

Wherever oil is found, an army of oil men follow to build roads, bring in equipment, drill wells and lay pipelines to get the oil out. They work, for the most part, in crews around-the-clock. They are the kind of men who have made an America possible, and we are peculiarly blessed in having many of their breed. They believe that where there's a will there's a way. You just don't tell such men it can't be done!

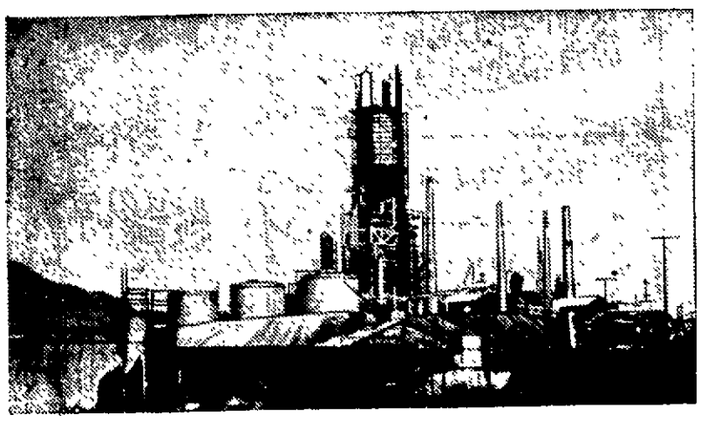
## WHY THE OIL INDUSTRY MUST KEEP GROWING OF THE KOREAN WAR!

A single jet engine now burns up to 999 gallons of fuel in an hour's flight . . . more than the average motorist uses in 1 year. And our defense program is just getting under way. In addition there are now 50,000,000 vehicles on U. S. roads using petroleum products; agriculture has become mechanized, rail and water transportation has largely switched over to oil, commercial aviation has vastly expanded and many more homes and factories are heating with oil. Can the oil industry keep up with this ever-expanding demand? Here are the facts involved . . .

Total American production is now 41% higher than it was at the peak of World War II . . . now an almost incredible 6,700,000 barrels *per day*. The expansion of all phases of the oil industry since the end of the war is unrivaled by any other major industry. In the six years since V-J Day, it has spent more than $10 billion . . . *that's ten thousand million dollars* . . . on new production, transportation, refining and marketing facilities . . . more than its total net profit. But even that massive figure pales in comparison to what is now being, and will be, spent. To meet estimated needs, both military and civilian, for the period 1951-1952, the oil industry must invest between 5 and 7 billion dollars for new capacity *alone* . . . plus an approximate $3 billion to replace existing capacity . . . a total of between 8 and 10 billion dollars. To do so, the industry again will have to spend a sum greater than its *entire* net income for expansion.

At the September meeting of the National Petroleum Association, Admiral B. B. Biggs, of the Pentagon Munitions Board, told oil men, *"Build as much as you can as soon as you can!"* The oil industry is straining every sinew to do just that.

If it can be done . . . if badly needed manpower and materials are available for the job . . . the oil industry will do it!



Sohio's new "cat cracker" at the Cleveland Refinery replaced one built only six years earlier which already had become antiquated by better refining methods. This Cleveland unit, together with Sohio's big new Lima cat cracker, adds 652,000 gallons of gasoline per day to Sohio's refining capacity.

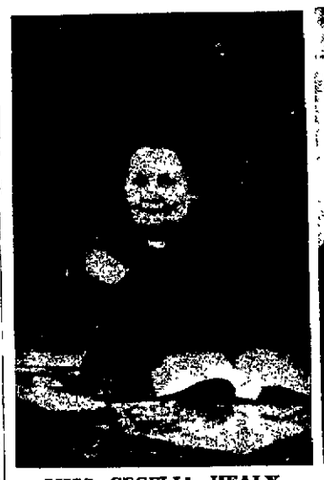
Discuss Various Problems

## B.P.W. Club Host To District Meeting Here



MISS CECELIA HEALY

MRS. MARY HAMMOND

The Marion Business and Professional Women's Club was hostess group Sunday to the annual meeting of District No. 6 of the Ohio Federation of Business and Professional Women's Clubs. Mrs. Mary G. Hammond of McConnelsville, district director, presided at the all-day meeting which was held at the State Street Junior High School. Miss Cecelia Healy of Springfield, state vice president, was afternoon speaker.

Mrs. Lois Jean Barnhouse, president of the Marion Club, welcomed the guests at opening session, and Mrs. Bertha Herman of Columbus was in charge of devotions. Registration was 104. During the morning meeting Mrs. Harriette Carver of Cambridge, state international relations chairman, talked on the subject, "World in Crisis," and Miss Mary Lloyd Lane of Hamilton, state chairman of radio and television, conducted a "buzz session." The group discussed different problems which confront local clubs.

**Musical Program**

Music was by the Lancaster Club. This included a flute solo, "Carnival of Venice," by Miss LaVerne McCleery, vocal selections, "Homing" and "Deep in the Forest," by Miss Janet Crist and "Bless This House" and "My Task," sung by a trio composed of Mrs. Helen Denton, Mrs. Sue Belle Lillick and Miss Estella Millsession.

Attending in addition to the guests from throughout the district were Miss K. Lucille Provoler.

After the luncheon in the school cafeteria, the afternoon program was opened with music by a quartet from Newark High School accompanied by their director, Wendell M. Jones. Members of the quartet were Miss Sharon Warner, Miss Patricia Bowman, Ted Bradshaw and Stewart Beck. They sang 'What Did He Do?" "One Alone," and "The Gospel Boogey." Miss Warner sang "Because of You" and Mr. Bradshaw chose as a solo a selection from "The Bohemian Girl," "Will You Remember Me?" Miss Warner and Mr. Beck sang as a duet the title song from "Rose Marie."

Miss Healy, first vice president of the Ohio Federation, spoke on "Do We Have What It Takes?" She advised the group that in order to live up to the national theme, "Full Partnership for the Job Ahead," all must work together, work with each other, with other clubs and with and for the community and the whole nation. Group singing closed the of Cleveland, a past president of the Ohio Federation, Miss Margariete Ralls of Yellow Springs, a past National Federation of B.P.W. clubs, radio and television chairman, and Mrs. Margaret Palmer of Barnesville, state news service chairman. A Marion state chairman was present, Miss Mary K. Miley, who heads the Ohio Federation's Florence Allen Scholarship Fund.

## Plan Observance Of Art Week In November

AS IN former years women of the Marion County Federation of Women's Clubs will observe National Art Week the first week in November.

This year an exhibit will be held at the Women's Club home throughout the week, under the direction of Mrs. Clinton J. Altmaier, art chairman.

Mrs. Altmaier is asking that each club provide two or more objects of art for the exhibit, these to be at the home the morning of Wednesday, Oct. 31. Art chairmen of the more than 30 clubs in the federation are asked to take over the responsibility of seeing that their club is represented in the exhibit and collecting the art objects.

Also in observance of the week, the art chairman is asking that each club devote five or 10 minutes of a November meeting to some phase of art. Clubs desiring material may contact Mrs. Altmaier 2-0334.

## Today's Fashion Flash

NEW YORK

THE mammoth skirt of this winter will be replaced by the moulded skirt for spring.

Top-notch designers aren't spilling their complete line of fashion secrets yet, but experts agree that there's sure to be a reduction in fullness next season.

The spring suit and dress will have a skirt that is either: 1. moulded to slimness in front and fullish at the rear, or 2. moulded to a soft, curved flare all around.

The slim-front-full back skirt, introduced by Christian Dior in his Paris collection for winter, will indoubtedly be the high-style look when the spring collections are shown in January.

The back-fullness will come from unpressed pleats or darts at the hipline, or softly gathered folds at the waist. These skirts will be worn without crinolines — but many will be lined to assure their shape.

## Weddings

Announcement is being made of the marriage of Miss Connie Sturgeon, daughter of Mr. and Mrs. Arnold Sturgeon of Marysville, and Richard Eugene Fetter, son of Mr. and Mrs. Wilbert Fetter of southeast of Marion. The wedding, an event of Sunday, Oct. 14, took place at the home of the bridegroom's parents. The ceremony was read at 2:30 o'clock in the afternoon by Rev. Wilbur Budke, pastor of St. Paul's and Trinity Lutheran Churches southeast of Marion.

Piano music preceding the ceremony was by Miss Shirley Klingel.

Attending the couple were Miss Maxine Sturgeon and Richard Kaufman.

The bride chose for her wedding a navy blue suit and her corsage was of red roses. Her attendant was dressed in a purple corduroy dress and wore a corsage of yellow roses.

A reception was held immediately following the ceremony. Centering the table was a wedding cake, which had been decorated by the bride's aunt, Mrs. Larry Miller of Columbus. Guests included Mr. and Mrs. Charles Plutcher and daughter of Cleveland, Larry Miller of Columbus, Mrs. Emma Graves of Bismark, N. D., and Albert Fetter, Ambrose Sturgeon, Mrs. Carl Klingel and daughter, Mrs. Wilbur Budke and children, Miss Jerry Fetter, Miss Betty Sturgeon, Tom Fetter and Arlen Sturgeon, all of in and near Marion.

## Marion Garden Center Notes

### INDOOR GARDENS

As autumn, now in full swing, brings us before too long into those days of shortened daylight hours, fewer sunny days and more indoor living, our thoughts turn to indoor gardens with their inspiration and charm.

Among the various kinds of flowering plants we have the Begonia, Shrimp plant, sweet Olive, African Violet and Patience plant. There are those plants also which contribute beauty to the indoor garden by their foliage alone. Among these are Peperonia, Chinese evergreen, Nephthitus, Sansaveria or snake plant, cut leaf Philodendron and Pothus plant. If your home affords appropriate space for vines the Ivy, Sweet Potato and Grape Vines are an added attraction. Also for winter use are the treated foliage and the dried garden materials such as Chinese Lantern, Bittersweet and Magnolia leaves.

### P.H.C. CLASS PARTY

## Reds Fought Hard To Keep U. S. Navy From Getting Plane

WASHINGTON, Oct. 22—(AP)—Communist soldiers and airmen fought for two days in a vain attempt to keep Allied naval forces from capturing a downed MIG-15 fighter, now providing the United States with secrets of the Russian-made jets.

This was disclosed today in an official account by the Defense Department and Far East Naval Forces of the capture of the MIG last July by a daring naval sea-air task force which went 100 miles into enemy territory to get the plane from shallow water near Hamchon on the west coast of North Korea.

The MIG, said the Defense Department, "is the plane that is undergoing study at Wright-Patterson Air Force Base, Ohio." It referred to the Soviet jet as a "nearly intact MIG-15." The jet engine, of paramount interest to Allied air intelligence experts and aero engine designers, "was covered with mud but itnact," the department said.

## Patrol Post Judged Excellent

The Marion state highway patrol post was judged "excellent" in its annual general inspection performed Friday at 2 p.m. by Inspector U. C. Felty and Captain A. L. Bouton of Columbus and Lt. S. B. Radcliffe of the District A general headquarters at Findlay.

The Marion post includes 10 patrolmen, six cars, one motorcycle, and a barracks. The unit is one of nine posts making up District A, which covers 24 northwestern counties of the state.

Six counties in Nebraska are with out railroad service—Arthur, Banner, Kepa Paha, Loup, McPherson, and Wheeler.

Ever stop to think

Your First Car can be a Buick!

THIS being a land where it is every man's right to dream of getting ahead—and the pursuit of happiness is guaranteed by the Constitution—it happens that a great many people aspire to own a Buick.

But too often they start with a lesser car first—from a feeling that Buicks are something you have to build up to gradually, as your take-home pay improves.

So—if you have any such notion—we'd like to set you straight, right here and now.

You don't have to hope and dream and wait. If you can afford a new car—the first car you buy can be the Buick SPECIAL pictured here.

Its price tag says so. Its low cost of operation says so too.

We know that it looks like a lot of money. That's what makes it such a buy.

We know that it has a long list of features found in costlier cars, and that it rides and handles like cars that sell for a great deal more.

But that simply means that—at its price—you're getting a very big money's worth.

All of which adds up to one conclusion: the smart thing to do is come in and give this neat and nimble new SPECIAL a thorough going-over.

Try out its power—the power of its high-compression, valve-in-head Fireball Engine.

Try out its ride and handling—and you'll discover it has the "big-car feel" that you'd expect from a Buick.

Try it out for size—for room—for comfort—for all the things that you've dreamed someday of having in a car—and you'll thank your stars that you found out the facts of life in time.

Equipment, accessories, trim and models are subject to change without notice. *Standard on ROADMASTER, optional at extra cost on other Series.

NO OTHER CAR PROVIDES ALL THIS:

DYNAFLOW DRIVE*—saves strain on driver and car

FIREBALL ENGINE—high-compression, valve-in-head—gets more miles from every tank of fuel

PUSH-BAR FOREFRONT—combines smart style and unsurpassed protection

WHITE-GLOW INSTRUMENTS—greater clarity at night

TORQUE-TUBE DRIVE—seals the chassis, steadies ride, improves driving control

4-WHEEL COIL SPRINGING—cushions ride, saves servicing costs

DUAL VENTILATION—outside air fed separately to right or left of front compartment

SELF-ENERGIZING BRAKES—hydraulic—multiply pedal-pressure five times at brake drum

DREAMLINE STYLING—tapered, car-length fenders, gleaming sweepspears on most models

Plus: Self-locking luggage lid, StepOn parking brake, two-way ignition lock, Safety-Ride rims, Hi-Poised engine mounting. Body by Fisher

When better automobiles are built BUICK will build them

*Must Wrestle With Huge Costs*

# Defense Top Issue For 2nd Session of Congress

WASHINGTON, Oct. 22—(AP)—The second session of the 82nd Congress convening Jan. 8 will face a crowded work docket, topped by two continuing major problems—national defense and how to pay the huge cost of it.

The first session which ended Saturday night dealt for nine and a half months with those key issues plus a variety of others, and the lawmakers chalked up a spending record for what technically is called peacetime.

Congress went home after appropriating $91,600,000,000. That was the figure most members used, although Senator Ferguson (R-Mich) said $6,000,000,000 should be added to it to cover so-called permanent appropriations—mostly interest on the national debt.

**Total Second Highest**

In any event, only during World War II was the total for a single year greater. In 1943 Congress voted $147,000,000,000, the record.

In the orderly closing hours of the first session of this Congress, three bills carrying $13,133,000,000 were sent to the White House. One provided $7,328,000,000 in foreign aid — military and economic — to bolster friendly nations abroad against communism. The amount was slightly less than President Truman requested.

The second bill was a $4,128,000,000 military construction measure, which brought this year's appropriations for the Army, Navy, Air Force and Marines to approximately $61,000,000,000. The other bill carried $1,675,000,000 in supplemental funds for miscellaneous purposes.

**Signs Tax Bill**

As Congress was closing up shop, Mr. Truman signed the $5,691,000,000 tax-increase bill which the lawmakers sent to him Friday. The President had asked for at least $10,000,000,000, and he said in a statement that the half loaf he got was not enough.

Indicating he may seek an additional increase, Mr. Truman said that when Congress returns in January he will ask for legislation "improving our tax laws."

In the next session spending may run even higher than it did during the one just closed. Mobilization officials have made it clear they feel the crest is yet to come.

## *If Woody Can Take It, We Can Too, Dick Larkins Says*

DAYTON, O., Oct. 22—(AP)—Woody Hayes has a five-year contract to coach Ohio State University's football team, the Dayton Daily News said today.

Si Burick, sports editor of the news, said Athletic Director Richard Larkins told him after the Ohio State-Indiana game Saturday Hayes had the five-year contract and "If Woody can take it, so can we."

Burick had asked about Hayes' status after Ohio's 32-10 defeat by the Hoosiers. The University has never made a formal announcement as to the terms of Hayes' contract.

Burick quoted Larkins as telling him:

"Let the wolves howl. Hayes can keep his job if he doesn't win another game. All he has to do is to be tough enough to stick it out.

"If Woody can take it, so can we. We are not burning our coaches at the stake. What the squawkers don't seem to know is that this is just the first year of a five-year contract for Hayes. Yes, five years. That was our agreement with Woody."

and sea action. Jet battles flared for the second successive day. Outnumbered U. S. Sabre jets damaged two Red jets Sunday and fought another 25-minute battle Monday without either side scoring a hit.

The Navy reported the U. S. cruiser Helena steamed to within 60 miles of the Soviet Siberian frontier, blasting a 175-mile stretch of rail lines with her eight-inch guns.

United Nations artillery kept the battle blazing on the central front. A front line dispatch reported an estimated 500 Chinese were killed by artillery firing over flaming Kumsong into Red troop concentrations in the hills to the north.

## Inquiry Class Meets Tonight

The Inquiry Class to be conducted weekly throughout the fall and winter in Moira Hall will open tonight at 8 o'clock.

The course, which will be held each Monday night, is being conducted by the assistant pastors of St. Mary Catholic Church, Rev. Father Urban Wiggins and Rev. Father Thomas Lowery.

The topics will again be presented in dialogue form by the two priests, and at the close of each night's program there will be a discussion period on topics presented in a question box.

Started four years ago to provide an opportunity for all to learn the truths of Christianity, interest in the course has widened and audiences include persons of many faiths. This year, as in former years, the public is invited to attend.

## *Scientists Now Pumping Live Blood Between Human Beings*

SAN FRANCISCO — (UP) — It doesn't have to be love any more for one heart to beat for two, according to a group of medical scientists.

The doctors are working at the National Cancer Institute at the University of California's school of medicine.

By a technique, called cross-circulation, the arteries of two people can be joined so that their blood systems become as one, according to Drs. Howard R. Bierman, Ralph L. Byron, Keith H. Kelly, Kenneth S. Dod and Miss Patrice M. Black.

In that this way the organs of the healthy person—heart, lungs, kidneys, liver, etc.,—can do the work of the damaged organs of the sick person.

**Ideas Supported**

Scientists developed the technique when investigating the cause of leukemia, a fatal blood disease caused by too many white blood cells.

The scientists were trying to discover how the body gets rid of its white cells, a factor which they thought might be important in this disease. Several months ago Bierman and his colleagues reported evidence supporting that point of view.

Meanwhile the technique of cross-circulation has been perfected. At first the scientists only linked the veins of two people. Now they have succeeded in linking arteries for as long as 26 hours.

The system is rather like the linkage found in Siamese twins.

Before this technique was used, cross-circulation was achieved by the use of pumps. The California method is more efficient because the heart of the healthy individual acts as the pump.

**Only Experimental**

The scientists emphasied that the work is only in the experimental stage and great care must be taken to be sure that the blood of the two individuals does not "clash."

So far the use of this technique has been limited to seven volunteers with hopeless diseases. The individuals knew the danger they risked in the experiment beforehand.

While the main interest of the scientists is the study of leukemia, they pointed out that the method should have a wide use in research and might in the future be used for medical treatment.

**NOT SO MODERN**

DALTON, Mass. (UP)—If you think football under the lights is a comparatively modern wrinkle in sports, you're all wrong. Records show that on Sept. 3, 1901, the Dalton football team voted to hold a practice session "under an electric light" at Pine Grove Park.

## *British Rush Fresh Troops To Tense Suez*

CAIRO, Oct. 22—(AP) Britain moved fresh troops into the hotly-disputed Suez Canal zone today as Cairo newspapers reported a guerrilla underground was forming to drive the British out of Egypt.

A British military spokesman announced that the first battalion of the Cheshire regiment arrived last night from Cyprus to swell British forces holding the vital 104-mile east-west water link.

Egypt's government, meanwhile, reportedly moving toward general mobilization on a war footing. The government also made public a note charging Britain's actions in the Suez area looked as if the British were "moving in to conquer the country."

British warships were guarding both ends of the canal and more troops were on the way to strengthen British control of the gateway to the Orient.

Formation of the anti-British underground, similar to Jewish forces which fought the British in Palestine, was reported in the pro-government newspaper Al Misri and in the Leftist weekly Al Gomhour Al Misri.

being contributed by civilians, the report shows.

As a result the Department of Defense points out that the reserve supply of plasma has been so greatly depleted, those in charge are calling on the military personnel, Department of Defense employes and the general public to contribute whole blood to the armed forces through the American Red Cross or at military installations.

The Red Cross Bloodmobile Unit will be in Marion Thursday and Friday of this week. To date only 14 persons have volunteered to give a pint of blood. One hundred sixty donors are needed to supply each day's quota of 125 pints, if Marion County reaches its quota.

The Bloodmobile Unit will be at the Marion Power Shovel Co. plant Thursday from 11 a. m. to 5 p. m. and at the blood center in the recreation room of the First Presbyterian Church from 12 noon to 5 p. m. Friday.

Volunteers may register by calling the Red Cross Chapter office 2-1653.

## *Bulldozer Blade Slices Truck; 9 Die, 4 Hurt*

CASA GRANDE, Ariz., Oct. 22—(AP)—The projecting edge of a knife-like bulldozer blade slashed across a truck carrying 19 Papago Indians, killing nine and injuring four.

The 3,600-pound blade was being hauled on the back of a flat-bed trailer. The accident occurred Saturday night on a bridge 16 miles south of here.

One victim, a 16-year-old girl, was cut in two at the waist.

**HOLD SECRET CONFERENCE**

WASHINGTON, Oct. 22—(AP)—The White House put a lid of secrecy today on a session at which top ranking administration officials briefed a selected group of business, labor, church and other leaders on national and international developments. Presidential secretary Joseph Short said reporters would not be permitted to cover either Mr. Truman's talk or any part of the day-long session.

**TWO ASHLEY FIRES**

ASHLEY—The Ashley fire department was called out Saturday night and Sunday to extinguish two field fires. Neither fire did much damage, with no buildings close. Saturday about 7 p.m., fire of undetermined origin was discovered in a large pile of corncobs left from husking on the O. L. Bratchler farm on Westfield road northwest of Ashley. Sunday, corn fodder in a field was ignited by backfiring of a truck driven by H. A. Luckart near town. Time of the fire was approximately 12:30 p.m.

## Marion Girl 2nd In 1st Horse Show

Janice Bevis, a 17-year-old Harding High School senior, placed second in the open trial class at the Western horse show yesterday in her first experience at showing horses.

She finished in a tie for first place, but was defeated in an elimination.

Miss Bevis is the daughter of Mr. and Mrs. G. D. Bevis of 547 South Prospect street. Her horse "Tony," kicked the final obstacle, a log in the trail event in which horses jump hurdles and maneuver between obstacles.

## Sycamore Residents Hurt in Crash

### Woman, Children Suffer Cuts In Auto-Truck Collision

Special to The Star

SYCAMORE, Oct. 22 — Mrs. Floyd Ekleberry, 28, of near Sycamore is in the Wyandot Memorial Hospital at Upper Sandusky today suffering from injuries received Saturday noon in an auto-truck crash south of here on Route 67.

A daughter, Sharon, 7, suffered cuts and bruises about the head and face. She was released yesterday. Arlene Walter, 5, daughter of Mr. and Mrs. Neil Walter of Sycamore, also suffered head cuts. She was released yesterday afternoon. Two other Ekleberry children, Michael, 4, and Kathy, 1, escaped injury. The four children were riding in the rear seat of the auto being driven by Mrs. Ekleberry, who suffered facial lacetrations.

The auto was traveling south on Route 67. A truck driven by David Courtad of Upper Sandusky turned onto Route 67 from a county road and Mrs. Ekleberry's car struck the rear end of the truck bed, the Wyandot County sheriff's office reported.

The group was on their way to Upper Sandusky to attend a bake sale being sponsored by Mrs. Ekleberry's Sunday School class. The front end of the auto was demolished while the sheriff's office reported minor damage to the truck.

## Dope

(Continued from Page 1)

Columbus to buy two ounces of heroin from Howell for $1,000. They borrowed the money, showed Howell the cash and he took them to Mansfield to get the heroin. Other police followed in another car.

The plain clothesmen gave Howell $700 at a cafe outside Mansfield and promised the remaining $300 when he produced the dope. Howell, unaware that he was being followed by the other policemen, drove to downtown Mansfield and met a man in another car. The officers took its license number.

When Howell returned, he gave the police the heroin and accepted the remaining $300. They arrested him and recovered $700 in marked money.

A deputy sheriff stopped the other car in Ashland County. The driver, Naymola, had $270 in marked money.

# Inside Labor

By Victor Riesel

NEW YORK

THIS, too, is a war front.

And on it our counter-intelligence forces are paralyzed. Tell you why.

For almost a week now, a mound of vital war materiel addressed to General Eisenhower has been squatting on the piers, getting no further than the edge of Brooklyn. In that huge pile, it can be reported, are special tanks, trucks, and other vital mobile equipment, communications machinery, G. I. rations and some hard objects which can't be mentioned —all destined for our garrisons and Allied posts operated by the Atlantic Pact nations.

Victor Riesel

Yet movement of this vital materiel is deadened by an outlaw strike, partly due to internal politics in Joe Ryan's tense Longshoremen's Union, partly due to the traditional waterfront mobs who always try to shake a dollar out of pier trouble, and partly due to one of the most subtle undercover Communist operations we've yet discovered.

Meanwhile, working desperately through the week, were dock-walloping crews at something called Cavan's Point, down from New York Bay. There's an Army base there and the sweating officers were trying to get certain crates aboard European-bound freighters before the New York strike fever hit their docks. For in those crates was the radar equipment designed to throw a screen around our Allied nations —so there could be no swift Red raids darting undetected over cities.

**THE CRIPPLING** flash strike, long predicted in this column, was no surprise and is in the full spirit of Friday night wrestling. The longshoremen leaders approve a contract. The rank and file revolts. New York—the gateway to Europe—is tied up with the proper amount of grunts, squeals and well taken falls. The contract is "discussed" again. The shipping companies make a few more concessions. And the angered proletarians in denims unfreeze the port.

However, they've never before paralyzed the Army. In fact, the "rebels" during the week urged their members "to work" the Army base here. But since there's always confusion, messages didn't quite get there. But the Communists did. They moved in fast. Flying squads Automobiles. Special leaflets, which we traced to their headquarters on Henry Street in Brooklyn. These throwaways urged the longshoremen to remember John Lewis' tradition of not working without a contract.

And there you have your story.

* * *

**WE KNOW THAT** the Comist labor leaders met the week previous in the Hotel New Yorker. We know that four or five of their leaders received special instructions from their higher-ups in three emergency "fraction" meetings held in isolated parts of New York in the utmost secrecy. We know that the highest labor specialists of the Communist International were at those sessions —one of which was held in the foothills of the Berkshire Mountains.

We know that those instructions included offering John L. Lewis the presidency of a new federation of pro-Communist unions. We know that Harry Bridges went to Washington over the weekend and on Monday saw to it that Mr. Lewis was offered that job. We know that John L., to the everlasting mystification of even his critics, did not discourage them.

* * *

**AND WE KNOW** that part of their "action plan" to intrigue John Lewis in his final years is to prove that they still have militant power to provoke strikes. Their tactic will be what it was at the Brooklyn Army Base and Port of Embarkation. Move in fast. Exploit the confusion. Start the strike rolling. Then move out swiftly so the Commie leadership can't be traced publicly to them in unions which they don't lead officially, but where they have their organized cells.

This is the plan for Detroit, and the Chicago-Cleveland-Pittsburgh steel area. This is their strategy to prove to John Lewis, and their own superiors, that they can harass the A.F.L. and C.I.O leadership. At the same time their own unions will scream officially for strike action. Just watch the electronics field in coming weeks.

* * *

**IRONICALLY,** ordinarily intelligent Americans, some 500,000 of them, follow the Communist leadership. How then can this nation prove to them that they are being exploited? That's a job a special and unimpeachable new Senate Committee will undertake.

On that committee will be Senators Paul Douglas; Robert Taft; Hubert Humphrey; Gov. Dewey's colleague, Irving Ives; Matthew Neely, a friend of the miners, and John Pastore, an honorable senator from Rhode Island. Here is a group which few can criticize. They will investigate Communism in unions, expose it and explain it to the misled half million.

Perhaps then the ammo for Eisenhower, or any other General, never again will lie idle on frozen docks.

**ATTACHED TO HIS FINDER.** Ever since Gary Miller of Lancaster, Pa., found "Joe" in a cornfield, the crow has been a constant partner for the youth in all his activities

# Some Standards Needed

By Hal Boyle

NEW YORK

SOME colleges have courses that teach the best way to catch a fish, or instruct a lady in how to get along with one after she marries him.

You can also go to college and learn how to play an old Roman band instrument, figure your income tax, cook without garlic, or run for public office.

But so far no university has started a class in how to judge a beauty contest. It's about time for a few to do so.

Judging beauty contests is one of America's most rapid-growing industries. If you haven't been asked to be a judge in a beauty contest yet, don't sulk. You will be. There are too many for you to escape.

Hal Boyle

In judging beauty every man wants to do his duty. He is as wholly honest then as he ever will be in his life. He wants to be fair to the fair.

But the trouble is he doesn't have any standards to go by except his own.

Judging a heifer is a different matter entirely. The stock experts look the critter over for certain fine points everybody agrees are prime requirements of the breed. Then they slap it on flank to be sure it is round and firm and fully packed. And they are then ready to score it.

* * *

**YOU CAN'T OPERATE** in a beauty contest in this scientific manner. When it comes to judging ladies, every man comes to the tournament with a different idea.

There is no advance agreement among them as to what they are looking for. And the contests are altogether too formal. The beauties parade back and forth in a stilted walk.

Research on the part of the judges is discouraged. They are no longer allowed to bring their own tape measures to check on the figures given. If they have a suspicion that some of the statistics are false or padded, they can do nothing about it. The girls are any thing they say they are—and that's that.

Nor can the judges make them bare their teeth to prove their age or gallop up and down hill to see how they will do in the long run.

One judge prefers a girl with a high forehead, another goes for a gal with a horizontal brow. One is lifted to poetic heights by a girl with freckled knees, but his companion judge is unmoved by any female unless she is red-haired and has a strawberry mark on her left shoulder blade.

* * *

**SOME JUDGES WON'T** vote for a girl unless she looks like she has just finished taking a deep breath. There are also at least five different kinds of leg-man judges whose decision stems from the gals' stems. And, just to complicate contests, occasionally you run into a romantic type judge who takes the contestants' faces into consideration, although this is pretty rare.

Well, make up a mixed jury of leg-men, face-men, and deep-breath-men. Then give them the problem of picking "Miss Pumpkin of Lower Nebraska" or "Miss Candlestick of 1951" and what do you have? Chaos.

That is why beauty contests sometimes break up in fist fights among the judges. They are all plumping for the individual end they have in view.

The whole problem ought to be dumped in Harvard's lap. The profs there are good at figures.

But the way beauty contests are run now the average winner isn't necessarily the most beautiful. She is merely the one that a majority of the judges would most hate to be caught out with by their wives.

# Drastic Action

By Inez Robb

NEW YORK

"AS CERTAIN AS I live and breathe, I'm sure going to fix her wagon," I said as I settled down in the living room of the Robb pied a terre, or rookery.

"On whom are you going to wreck that vengeance and why?" asked my spouse.

"On that Liz Lewis," I answered "A woman who will deliberately tell your best friend what you said in confidence about her behind her back should live so long!"

"It just goes to show you can't trust people," said the head of the house, turning to the sports page.

"I'll get even with Liz, never fear," I said. "I'm mowing her down right this minute."

"Just how are you putting the Indian sign on poor Liz, if I may inquire?" asked Mr. R.

Inez Robb

"I got the idea right out of the newspapers," I answered. "It was that story about the guy in Switzerland who was convicted as a spy for gumshoeing around that American diplomat what's-his-name. You know, the man who the judge said was spying for Senator McCarthy.

"Anyway, this private eye in Switzerland and another in Paris who was the big dick for Senator McCarthy, sent a phony telegram to this American diplomat that the senator doesn't like, and they signed the name of a big Swiss Communist to the telegram."

* * *

**"SO?"** ASKED Mr. R. and I thought he sounded ominous.

"Well, it just gave me this big idea on how to get even with Liz. This fake telegram was meant to imply that the American diplomat was up to no good with the commies and it must have worked because later this diplomat was kicked out of this good chore in Switzerland and sent to some silly old post in Africa."

"And what do you propose to do?" asked the head of Clan Robb.

"I am going to send a telegram to Liz. I have it all written out here, it says 'every member of cell present at meeting except you. Where are rest of hydrogen blueprints? Stalin stymied on bomb until you produce. Get cracking. That's the message I'm going to send, urgent. And I am going to sign it 'William Z. Foster.' I guess that will cook Liz's goose!"

Mr. Robb put down the paper and stood up.

* * *

**"HAVE YOU** any idea that what you are planning to do is not only against the law, but morally, ethically and spiritually reprehensible to any decent person? What are you going to do when the police arrest you?" he wanted to know.

"Plead senatorial immunity," I said. "I guess I know how you get away with that sort of thing. If a senator and his agents can get away with it, I don't see why a taxpayer can't!"

"Do you know what an agent provocateur is?" asked my spouse "Did you know that there is scarcely a lower form of animal life, and that what you are proposing to do is to act as an agent provocateur? Why, I ought to work you over. I ought to break every bone in your body!"

"Gee whiz! Calm down," I urged. "All I am trying to do is get even with Liz. I was just trying to do what the senator's private eyes did. All I want is for the FBI to come around and scare the socks off Liz."

"And just how did the FBI get into this picture?" asked Add.

"Well, naturally, I am going to send them a copy of the telegram and tip them off to what Liz is doing."

"Stand up" entreated my spouse. "Stand up. I never want it to be said that I hit a sitting woman!"

# Wyandot Farmers P.M.A. Vote Set

Special to The Star

UPPER SANDUSKY—Wyandot County farmers will vote for their P.M.A. township committeemen by mail this year instead of at community polling places as in the past years. Ballots will be sent from the County P.M.A. office in Upper Sandusky to farm owners and operators.

The secret ballots will be returned in a double envelope with the inner cover bearing only the township stamp to indicate the ballot box in which it will be deposited. Ballots are to be returned by Nov. 23 and will be counted by a special committee.

The newly elected township committeemen will meet before Dec. 1 to elect the county committee, chairman and vice chairman. The newly elected officers will assume their duties immediately.

The P.M.A. officers here are now preparing to process loans on corn at the support price set at $1.62, according to county chairman R. E. Swelgard. In the past two weeks approximately 100 soy bean loans have been approved at the current $2.45 support price. A total of 350 wheat loans were made here in the recent harvest season.

Both the corn and bean crops in Wyandot County will be slightly under average in yield this year because of dry weather. Quality and yield for both crops were better in the northern part of the county because of rains that missed the rest of the territory. A major portion of the new wheat crop over the county has been sowed but rain is now badly needed to help the grain become well established before cold weather.

Substantial addition to on farm storage facilities over most of the county plus the building of two $350,000 storage buildings near here in the past two years has solved the grain storage problem in this area.

*Truman Decision Evokes Storm of Protest*

# Protestants Rap Renewal Of Relations With Vatican

WASHINGTON, Oct 22 — (AP) — A wave of protest against President Truman's decision to enter regular diplomatic relations with the Vatican promised today to touch off a heated battle when Congress reconvenes.

There was little if any criticism of the President's selection of Gen Mark Clark as ambassador to the Roman Catholic Church state The protests, some of them from the pulpit, were from Protestants who argued that the establishment of diplomatic relations violates the constitutional injunction that church and state shall be separate.

The U S has never had a full ambassador at the Vatican, although Myron C Taylor served there as personal representative of Presidents Roosevelt and Truman from 1940 until last Jan 18, when he resigned

**Clark Is Episcopalian**

Late Saturday Mr Truman announced that he had selected Clark, and Episcopalian who now is commander of Army field forces, to be ambassador A White House statement said the President felt "the purposes of diplomacy and humanitarianism will be served" and added that direct relations with the Vatican will help coordinate a common fight against communism

The White House statement noted that 37 other nations maintain diplomatic representatives at the Vatican.

Unofficial comment from the Vatican indicated delight at Mr Truman's move. That was the reaction of Catholic churchmen in this country.

Francis Cardinal Spellman of New York said the Vatican and the U.S hold "identical objectives of peace" Most Rev. Patrick J McCormick, rector of Catholic University here, praised Clark and said 'I am glad to see our country taking advantage of representation at the Vatican"

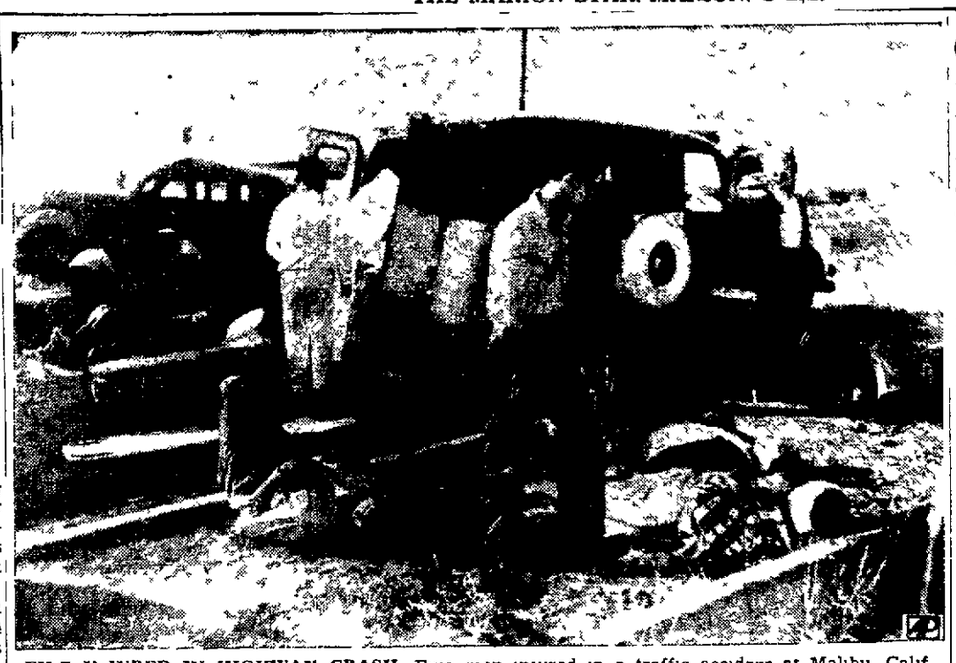
**Protestants' View**

The opposing view was expressed by Protestants all over the nation, starting with Dr. Edward H Pruden, Mr Truman's own pastor at the Birst Baptist Church here

"I did my utmost to point out the great dangers which seemed to me to lie' in the President's move, he said in a sermon yesterday Dr Pruden declined to elaborate when a reporter asked whether he meant he had talked to the President about the matter

'Between now and the reconvening of Congress in January,' Dr. Pruden said, "every citizen who shares my views must use all honorable means to persuade the members of the Senate to refuse confirmation of this nomination"

The Senate adjourned Saturday without acting on Clark's nomination, made only a few hours before.



FIVE INJURED IN HIGHWAY CRASH. Five men injured in a traffic accident at Malibu, Calif, lie on the ground and on a stretcher as medical aid reaches them shortly after the mishap They were passengers in an auto which police said made a U-turn on the coast highway and was hit by another which was unable to stop

## Patrolmen Arrest Six

Four arrests Sunday and two Saturday were made by Marion state highway patrolmen

Ernest O Potter, 23, of Galion was arrested at 7 30 p m yesterday on Route 30-S for operating a motor vehicle without a muffler He pleaded guilty before Mayor Jay Nichols of Galion and was fined $5 and costs

## Marysville Car Among 7 Stolen By Youth, Sister

CRAWFORDSVILLE, Ind Oct 22—(AP)—Police said a 21-year-old Elmira, N Y youth and his sister admitted today they stole seven cars in a 600-mile cross country trip

Policeman Robert Suber identified them as Raymond and Ruth Lucille Greene He said they admitted stealing cars in Williamsport, Altoona, and Millvale Pa, Marysville, Sidney and Dawn, O and Union City, Ind

Surber said Raymond had been released six months ago from a Pennsylvania prison after serving three years on a car theft charge

He added that Greene asked his parole officer if he could buy a car and the officer said no

"I guess I showed him," Greene said, "I got seven of 'em"

## 7 Escape Workhouse

CLEVELAND, Oct 22—(AP)—Police beat through a wooded area east of here today for seven prisoners who escaped from the Warrensville workhouse in a hail of shotgun fire

The prisoners none serving a term of more than a year, fled into the woods last night Guards detected the break before the men left the workhouse grounds and opened fire with shotguns Whether any were wounded was not known

Six of the prisoners sawed through window bars in a bakery tower where they were confined jumped to an adjoining roof and then to the ground. Both jumps were about a story and a half

The other man had been held in the infirmary and was believed to have gotten away in the commotion

## Open Columbus Murder Trial

COLUMBUS, Oct 22—(AP)—The trial of George Phillips, charged with second degree murder in the fatal beating of Mrs Ruth Alter, opened today in criminal court

Mrs Alter, 32, was slain here April 25, a few days after she returned from the hospital after the birth of her first child

Jury selection probably will take several days

Phillips, 23, is a Columbus insurance salesman He lost most of his right arm in a boyhood accident

Paul M Herbert, former lieutenant governor of Ohio, is the defense attorney. He said he will prove Phillips was not near the Alter home when Mrs Alter was slain, and that Phillips was not physically capable of the crime

Prosecutor Ralph Bartlett, in a "bill of particulars" furnished earlier to Herbert under court orders, gave the cause of death as "manual strangulation with fracture of the left thyroid bone, fractured nasal bones, with massive hemorrhage"

Phillips has been free on $25,000 bond He was charged originally by police with first degree murder but a grand jury reduced the charge to second degree murder

# Boy Injured In One of Six City Accidents

## Suffers Face And Head Cuts When Struck by Auto

City police reported six traffic accidents over the weekend, only one causing injury.

Virgil Ray Rosebrough, three-year-old son of Mr. and Mrs. John Rosebrough of near Cardington, was treated and released at City Hospital following an accident Saturday at 2:56 p. m. at 409 North Grand avenue.

He was struck by an auto driven by Bernice Ethelbert Potts of 468 North Grand avenue, who was driving south on Grand avenue. The child suffered cuts about the face and head and was taken to the hospital by his father.

Cars driven by George Hinchcliff, 31, of Lima was damaged slightly when struck by an auto Saturday at 2:50 p.m. while parked on Park boulevard. The other auto left the scene without stopping.

**Autos Collide**

Cars driven by William T. Smith, 35, of 351 Franklin street and Richard Lee Brookes, 17, of 418 Park street collided at 7:30 p.m. Saturday at the intersection of an alley and West Pleasant street. Minor damage resulted to both vehicles.

An auto driven by Harrison Eaches, 29, of 370 Park street and one driven by William Thompson, 23, of near Marion collided Saturday at 11 p.m. at 654 Silver street Minor damage was reported to both cars.

An auto owned by Hayward Wenzel of Marietta was struck by a hit-skip driver this morning at 6:30 while parked on South Main street. Police reported slight damage to the parked auto.

A car driven by Harvey L Hatcher, 19, of near Galion was damaged slightly when struck by an unidentified auto yesterday at 8:42 a.m. on South Prospect street between Church and Center. Mr. Hatcher had just left a parking place on Prospect street and was driving north. The other auto left the scene without stopping.

Robert Karl Rohr Jr. of 264 South Seffner avenue was arrested by police yesterday at 9:35 p.m. He was charged with crossing a yellow line and posted a $15 bond for an appearance in Municipal Court today.

DENIES INSTIGATING DOCK STRIKE. Talking to reporters in New York, Harry Bridges (left), leader of West Coast longshoremen, denies that he had anything to do with the wildcat walkout of dock workers on the East Coast. At right, cheering longshoremen stand outside a Brooklyn, N. Y. pier after they decided to strike in support of the men who staged a walkout some days ago Fifteen thousand dock workers are reported idle.

# Man Wrecks Automobile In Eluding Police

## Car Overturns East of Marion After Chase

A man believed to be from Marion, probably is wishing he had surrendered peacefully to Marion police Saturday night when they sought to stop him for reckless driving.

Failure to give himself up resulted in his wrecking a late-model sedan and probably a stiffer charge when apprehended.

The man was first sighted by Patrolmen Leo Harvey and R. D. Beach on East Center street, shortly after midnight Saturday, operating his auto in a reckless manner. The patrolmen chased the car over several streets in eastern Marion. They reported he was traveling at 70 miles an hour at one time.

The man evidently decided to outrace the cruiser rather than give up. He started east on Mt. Vernon avenue and at the intersection of Routes 98 and 529 turned right.

The cruisermen saw the car make the turn and then leave the highway and overturn. By the time police reached the scene of the accident the driver had managed to get out of the auto and flee. Police searched the immediate area but were unable to find the man. He apparently escaped injury police said.

Police are investigating in an effort to find the owner of the car, which was badly damaged.

**ARRESTED BY POLICE**

Dale Eugene Robinson, 24, of 519 Mound street was arrested at 7:53 p. m. yesterday by city police on a charge of disorderly conduct. Police charged Robinson started an argument and became belligerent over having been issued a traffic ticket. He posted a $50 bond for his appearance in Municipal Court today.

**GALION HOSPITAL BIRTHS**

GALION—City Hospital births: a daughter, born Friday to Mr. and Mrs. Earl Henry of Galion; a daughter, born Friday to Mr. and Mrs. Lee Robertson of near Galion. a daughter, born Thursday to Mr. and Mrs. George Allen of Galion.

Economists estimate there are 170 automobiles for every service station in the United States.

## New Rubber Base Paint Ideal For Basement Floors and Walls

Here, at last, is the answer to a problem that has puzzled homeowners ever since basement floors have been made of concrete.

VALCO is an amazing new rubber paint especially made to DAMP-PROOF . . . DUST-PROOF . . . BEAUTIFY and PRESERVE basement floors and walls.

Comes in attractive non-fading washable colors, DRIES within ONE HOUR and produces a tough durable finish that moisture and alkalies cannot peel off . . . Even repeated washings with strong soaps or cleaning compounds have no effect on the original beauty of this remarkable Rubber Base Coating that stops those damp wall and underfoot conditions.

VALCO may be applied on New or Old Concrete Floors, Cement Block, Tile or Stone Walls — requires no special Primer or Sealer and may even be used over wall surfaces previously coated with calcimine, white-wash or cement paint.

By using VALCO, unused basement space can be converted into a playroom, work shop, or den at very little cost. It's easy to apply; brush it on, yourself . . . Paint now, while basement is dry.

In Marion, VALCO can be purchased at Brinnon's Color Center, Al Hacker, Manager. 136 S. Main St., Phone 2-1920.

# Newspaper Women Meet In Akron

## Panel Discussions, Election of Officers Highlight Convention

Panel discussions and talks by newspaper men and women, election of officers for the coming two years and selection of the 1952 convention city, highlighted the 49th annual convention of the Ohio Newspaper Women's Association which closed Sunday at Akron.

Miss Thelma Geiger of Alliance was chosen president; Mrs. Eloise Gruber of Columbus, vice president; Miss Carol Christman of Findlay, recording secretary; Miss Julie Boesch of Newark, treasurer; and Miss Jean Dietrich of Dayton, membership chairman. The jubilee convention will be held at Cincinnati where the association was organized 50 years ago. Miss Geiger succeeds Miss Mildred Mason of Xenia.

**Panel Discussions**

Among those taking part in the Saturday morning panel discussions were Murray Powers, managing editor, and Ray C. Sutliff, city editor of the Akron Beacon-Journal, host newspaper for the convention. Both are former members of The Star editorial staff.

Others taking part were Kenneth F. Cole of the Beacon-Journal; Michael Radock, director of public relations, Kent State University; Dr. Don A. Keister, professor of English, University of Akron; Roger Bureell, advertising manager, Beacon-Journal; Morris K. Jessop, of the Jessop Advertising Co., Akron and James McCready, member of the public relations division of the B. F. Goodrich Co.

**Columnist Speaks**

Speaker for the banquet Saturday night at the Mayflower Hotel was Elsie Morrow, author of a widely-published weekly column on Washington, D. C., society. Robert C. Wheeler, administrative assistant of the Ohio Sesquicentennial Commission and author of "Ohio Newspapers — A Living Record," spoke at the Sunday morning brunch. He discussed the part newspapers play in recording historical events and also spoke on the sesquicentennial plans.

Miss Edna S Dutton of The Star editorial staff attended the three-day meeting and served as chairman of the resolutions committee.

# Radio and Television

By JOHN CROSBY

## *The Surface of Sinatra*

The warfare between NBC and CBS entered what the military commentators like to call a new phase when Frank Sinatra on CBS was thrown up against NBC's first armored division, Milton Berle, at 8 p. m. E.S.T. on Tuesdays. This is the first time CBS has openly tangled with Mr. Television, whose firepower is greatly respected. It's the first time that any network has attempted a real wrestling match with the man whose Neilsen rating remains one of the wonders of the modern world.

John Crosby

I have no idea how Mr. Sinatra is coming out, rating-wise, as they say, but there's no doubt that CBS isn't fooling. The Sinatra show is a large expensive operation. Besides the Voice, the opening program corralled most of the other singers around—Frankie Laine, Perry Como and the Andrews sisters—was produced by Max Gordon, a refugee from the legitimate theater who produced such stage hits as "Design For Living," "Dodsworth," "The Band Wagon," "Born Yesterday" and "Three's A Crowd," w'as directed by Jack Donahue, who staged "Top Banana" and was written by four of television's top writers.

* * *

**THATS' AN AWFUL** lot of talent underfoot for a single show and I'm not sure the results lived up to all the advance hoopla. The show, it says here in a press release, is patterned after "Three's A Crowd," a revue which many folks remember with extreme fondness, but it resembles it, I'd say, only in its air of engaging informality. Mr. Gordon has borrowed Jack Benny's successful formula of talking about the rehearsal of a show which is in progress before your eyes. This provided a framework in which Mr. Sinatra wandered about casually, sang a few songs in what—it's now clear—is just the remnants of the celebrated Voice, delivered an occasional monologue about Bing Crosby's sons who still rank high as television joke material and took part in a couple of sketches.

"I don't think the surface of Sinatra has been scratched yet," declared Mr. Gordon in a recent interview In scratching beneath the Sinatra surface, Mr. Gordon—or somebody—has uncovered a good deal of charm and a more than passable comedy technique. Just the same I think the writers could scratch a little deeper.

The show opened with Mr. Sinatra getting the bum's rush at CBS and threatening to see Mr. Paley about it, a gag that was getting pretty frayed around the edges two years ago. Some instinct tells me Sinatra is going to be the butt of all the jokes on this show, most of them about his frail outline, "I'd throw you out bodily if you had a body.")

* * *

**MR. SINATRA,** Mr. Laine and Mr. Como then romped through two sketches in an excess of high spirits. The horseplay, in fact, was exactly what was needed to cover a good many deficiencies in the sketches. In the last one the three lads were required to play the spouses of three female baseball players. That provoked a lot of jokes about Mr. Sinatra's housekeeping, about Mr. Como's ability to take care of children and about, as I recall, Mr. Laine's waistline. Conceivably out of embarrassment, the boys played it as broadly as amateur night at the Elks Club and succeeded in amusing themselves mightily and occasionally even breaking themselves up.

In between all this comedy, there was an awful lot of singing—Mr. Como, Mr. Laine, Mr. Sinatra and the Andrews Sisters specializing rather more in that field than in the joke line. It's my guess that Mr. Gordon plans to keep his show as informal as a clambake, to stress Mr. Sinatra as a personality rather than as a singer and to give the appearance of taking things awfully easy. It's a refreshing relief from the hard-hitting type variety show typified by Berle.

* * *

**BUT WHETHER THIS** sort of thing will match Berle in popularity remains to be seen. While CBS has boldly done battle with Mr. Berle, there has not yet been any similarly bold rush of sponsors to pick up the tab for this show Only the first fifteen minutes of the hour-long show is sponsored and until the rest of it is, Mr. Berle will remain undisputed queen of the coaxial cable.

# *Church Women Mark Anniversary With Tea, Program*

A program and short business session preceded the silver anniversary tea given by the Marion Council of Church Women Wednesday afternoon in the social rooms at Epworth Methodist Church

The program opened with devotions by Mrs. Fred Ellery and a piano solo by Mrs. J. Paul Goebel. Mrs. R. C. Alexander, assisted by Mrs. A. W. Kette, planned the program.

Pictures painted on strips by a European refugee artist were projected by Rev. Harrison Ludwig of the Salem Evangelical and Reformed Church and narrated by his wife. The artist, Jacques Barosin, is now living in the United States. His pictures show the story of the life of Christ.

Mrs. Forest Flockencier, president, announced that World Community Day will be observed Friday, Nov. 23.

Benediction was given by Rev. Ludwig.

# Employment Down Slightly

## 9,427 On Payrolls In Marion Area

Employment in the Marion area decreased slightly between mid-September and mid-August, a report by Fred Scherff, manager of the Marion office of the Ohio State Employment Service, revealed today.

The 47 major firms in Marion reported a total of 9,427 persons employed in Marion in mid-September. This was a decrease of 60 from mid-August.

Manufacturers accounted for the over-all employment drop during the one-month period, as forces in non-manufacturing plants increased. Producers of non-electrical machinery were responsible for the major part of the decline, which was caused by retooling and difficulty in obtaining replacements with required skills.

A net gain of about 60 workers in nonmanufacturing establishments was noted, partly offsetting the factory losses. The largest increases in employment occurred in firms within the transportation and utilities group Some 35 workers were added as a result of one company moving office personnel located out of the area into the Marion branch.

Employers hoped to add about 185 employes to their payrolls by mid-November. About 115 of these will be needed by producers of non-electrical machinery. A small decline is expected in construction activities.

There was a total of 475 persons seeking employment on Oct. 1 through the Marion office of the Ohio State Employment Service. That was 80 more than was registered on Sept. 1. The majority of the men listed are already employed but are seeking jobs at a level of higher pay.

BUCYRUS — Annual Charter Members' banquet was held here last night by the Eagles lodge with approximately 150 present.

Tribute was paid to the lodge's nine living charter members. They included George Trautman, father of George "Red" Trautman, minor league baseball czar, Clarence Metzger, Victor Nussbaum and J. C. Reiff, all of Bucyrus; Charles Bonebrake of Springfield, O., Charles Bonath of California, J. O. Harringer of Bellevue, O., Charles G. Scheib of Texas and George Nickerson of Toledo.

The lodge was established Oct. 13, 1903 and had about 50 charter members, Roy Burk, aerie president, reported.

The banquet, which was served by the lodge's auxiliary, was the 25th held in honor of surviving members of the charter class.

Tickets for the Damon Runyon Cancer fund dance, sponsored by the lodge on Oct. 26, were distributed to members during the banquet Deputy Sheriff Elwood Jacobs is general chairman for the dance. All proceeds will be turned over to the Runyon cancer fund.

## Y-Teen Women's Council Entertains Faculty Advisors

Faculty advisors of the Y-Teen Clubs in Marion schools were entertained at dinner by members of the Y-Teen Women's Council Wednesday evening. Mrs. Earl N. Hale was hostess in her home at 392 East Church street, and associate hostesses were Mrs. Howard Geer, Mrs. J. C. Harman, Mrs. Charles Oborn, Mrs. E. G. Siefert, Mrs. Richard Plantz and Mrs. Howard Swink. The Y-Teen Women's Council is an organization of the Young Women's Christian Association. In Marion, with no "Y.W." here, the clubs are associated with the Y.M.C.A. Membership of the Y-Teen Clubs is composed of high school girls.

Following dinner, the 30 council members and faculty advisors heard letters of thanks from 10 girls from the four public high schools of the city. The girls attended Y-Teens Camp sessions last summer, sponsored by the council. These reports on camp life expressed appreciation for "wonderful programs, good speakers and group discussions, and suggestions and ideas" from which they profited and plan to make use of in their own Y-Teen clubs. Twelve girls from the Harding High School unit gave a skit which was presented at the summer camp, "Meeting at Four."

The advisors outlined activities for the year among their Y-Teen groups. Advisors present included Miss Lela Brookshire and Miss Una Ackley of Vernon Heights Junior High School, Miss Elizabeth Gray and Mrs. William Gracely of North State Street Junior High School, Mrs. Thelma Jacobs, Mrs. M. A. Hendel and Miss Virginia Fravel of Edison Junior High School, and Miss Margery Eymon, Miss Ruth Turner, Mrs. Hazel Strubel and Mrs. Virgil Hinaman of Harding High School.

### BUCYRUS BIRTH

BUCYRUS — Mr. and Mrs. Jerry D. Ackerman of Bucyrus, are the parents of a daughter, born Tuesday in White Cross Hospital, Columbus.

## Today's Birthday

**CONSTANCE BENNETT,** born Oct. 22, 1905 in New York, daughter of Richard Bennett the actor and sister of Joan and Barbara Bennett.

Now on the stage, Constance has had a long career in the movies.

She made her debut in the Goldwyn production of "Cytharea." Among her films were "Smart Women," "Paris Underground, "Three Faces East," and others.

She has been married four times.

### REACHES GOAL

MARYSVILLE — The Methodist Church congregation here has reached its $1,411 goal toward the $500,000 fund being raised for Ohio Northern University at Ada, by Methodist churches in the Ohio Conference.

## German Student From O.W.U. To Talk at Prospect

Miss Gertraute Furstenau, a Methodist student from the Ruhr Germany, who is attending the Ohio Wesleyan University at Delaware, will be the guest speaker at the General Woman's Society of Christian Service meeting at the Methodist Church in Prospect, Tuesday evening at 8 o'clock.

Miss Furstenau, the daughter of a minister is studying at Wesleyan on a Crusade for Christ Scholarship. She has been studying theology and German literature and while in the United States hopes to become acquainted with American life and religious thought and institutions.

Following the meeting a luncheon will be served by the In-His-Name Circle.

### POLICE PATROLS PLANNED

MARYSVILLE—To discourage pre-Halloweening, special police in their private cars will tour Marysville streets after dark until Halloween.

### OAKLAND CLASS MEETS

When the Oakland E.U.B. Onward Class met Thursday night Mrs. J. C. Porter entertained in her home on Oak Grove avenue, assisted by Mrs. Emma Forrey. Mrs. Forrey led devotions, and each member offered a prayer for the revival services to be held at the church in November. Reports were given of 25 calls made and 27 cards sent to shutins, and a letter to the class from Mrs. J. R. Dallas was read. Following prayer by Mrs. Fred White, Bible study was conducted by Mrs. Ruth Oiler. Refreshments were in keeping with Halloween. Hostesses for the next meeting will be Mrs. Esther Freeman and Mrs. Oiler.

**Nothing Difficult About It . . .**

Those who have looked into pre-arrangement for funerals have found nothing at all difficult about it; nor is there any reason why there should be.

They merely go to the funeral director of their choice and let him explain about service and cost. They are under no obligation to enter into such arrangements unless they desire to do so.

ANOTHER SENSATIONAL EVENT IN OUR 85TH ...YES 85TH... ANNIVERSARY CELEBRATION!

WHO HAS THE OLDEST PIECE OF FURNITURE ORIGINALLY BOUGHT FROM SCHAFFNER'S?

YOU MAY WIN $50 IN CASH!

WE OFFER A $50 CASH PRIZE FOR THE PRIVILEGE OF DISPLAYING YOUR FURNITURE IN OUR WINDOW FOR ONE WEEK! ADDITIONAL PRIZES WILL BE AWARDED TO THE NEXT TEN RUNNERS UP . . . BASED ON THE TIME YOU ORIGINALLY BOUGHT YOUR FURNITURE FROM SCHAFFNER'S!

**FOLKS IN MARION** have referred to the furniture we sell as pieces so that this interesting lore can be passed along to today's, "Schaffner's Dependable Furniture." Perhaps that is because much of the furniture bought during the early years of the store's existence is still in use today!

**WE OFFER A CASH PRIZE OF $50.00** to the owner of the oldest piece of furniture found for the privilege of displaying it for a week in our window.

**WE WILL CALL FOR IT,** insure it and return it without charge. We offer additional prizes for the next ten oldest pieces.

**ALL THAT IS NECESSARY** is to have some facts which will establish the date of purchase as nearly as possible. We would suggest that you ask grandparents particularly as they may know of some of these valuable old pieces of furniture. Ask them about the history of the customers of Schaffner's!

**NO DOUBT THERE ARE PIECES OF FURNITURE AROUND AS OLD AS THE STORE ITSELF!** But don't hesitate even though the pieces you locate, or have in your very own possession, are a mere 50 or 60 years old . . . you may have a winner! Remember there are eleven prizes in all!

**SEND A LETTER OR POST CARD** describing the piece you wish to enter with the facts concerning it . . . along with your name and address. It's as simple as that!

# Patrol Lists Six Weekend Auto Mishaps

## Four Occur When Cars Run Off Roads in Area

Six weekend accidents, four occurring when cars ran off the road, were reported today by the state highway patrol.

Richard L. Granger, 19, of near Marion drove off of Route 203 3½ miles south of Route 95 at 1:30 a.m. Sunday. The front of his car was demolished when he hit a fence owned by William Jordan of near Marion.

Granger was taken by a passing motorist to Marion City Hospital for treatment of lacerations of the chin and forehead and a possible fracture of the upper arm. His condition today is reported as "good."

A car driven by Billy G. Erick, 17, of 643 Ballentine avenue struck a small tree when it went off a Marion Township road about a mile and a half east of Marion yesterday at 4:45 p.m. The front end of the car was damaged extensively. No one was injured.

**Pole Broken Off**

A telephone pole was broken off at the base and a fence gate demolished when a car driven by Theresa Johnson of Ashland went off the side of a township road in Morrow County, about two miles east of the junction of Route 42, yesterday at 2:30 a.m. The fence gate was owned by Baxter Vaughn of Cardington.

The front end of the car was damaged slightly.

A car driven by Mary Louise Lust of Prospect turned over on its right side in a ditch beside Marion Township road 42, about half a mile from the Union County line, Saturday at 10:15 p.m. The driver received a bump on the head. The top and right side of the car were damaged.

A car driven by Gay F. Klingel, 21, of Cardington struck the rear of a car driven by Bernard Drexler, 32, of Akron when the latter slowed down for traffic on Route 42, half a mile north of Cardington, at 5:55 p.m. Saturday. Minor damage to both vehicles was reported.

**Passenger Bruised**

June Drexler, a passenger in the Drexler car, was bruised on the right hand but was not treated.

A car driven by Samuel Sprang, 37, of 435 North Main street struck a Black Angus bull calf at 12:55 a.m. Sunday on Route 4 in Union County, about a mile north of the Delaware County line. The front end of the car was damaged.

The calf was owned by Dwight Ridge of near Richwood.

# Pilgrimage

(Continued from Page 1)

be presented by Brownie Joyce Roberts of Troop 29, Greenwood School; Intermediate Scout Carol Lee of Troop 3, Mark Street School; and Senior Scout Barbara Crawford of Troop 2.

A wreath from the Harding Area Council will be presented by Cub Scout Bruce Slane of Pack 12, Glenwood Boosters Club, Scout Jack Welsh of Troop 51, Our Lady of Consolation Church, Carey, and Explorer Fred Jolley of Post 27, Lions Club, Mt. Gilead.

A wreath from the Boys' Clubs of Cincinnati will be presented by Cub Scout Donald Vaughn of Pack 119, Grace E.U.B. Church, Bucyrus; Scout Eddie Rudolph of Troop 2, Edison P.-T.A.; and Explorer Lowell Carlisle of Troop 33, Calvary E.U.B. Church, Marion.

Benediction will be by Rev. Faulkner of Calvary E.U.B. Church, Marion.

**Parade Plans**

The parade will form at 2 p.m. at old Central Junior High School.

Eugene White, Scoutmaster of Troop 5 sponsored by the Bird-McGinnis Post of the American Legion will be grand marshal of the parade, which will move at 2:30 p.m. He will be assisted by Fred Kull, lodge chief of the Order of the Arrow and member of Troop 15 of the Emanuel Lutheran Church Sunday School, Marion; Russell Kear of Troop 25 sponsored by the Holy Name Society of St. Peter's Catholic Church, Upper Sandusky; Ned Bibler of Troop 60, sponsored by the Good Hope Lutheran Church Brotherhood of Bucyrus, and Ernest Kittle of Troop 47, sponsored by the American Legion, Marengo.

After the ceremonies Scouts and band members will be served refreshments and will be given a tour of the Harding Home on Mt. Vernon avenue. Members will not parade as a group to the home. The pilgrimage committee consists of Dr. Robert T. Gray, Miss Mary Kull, Mrs. Mary K. Stone, director of Marion Girl Scout Council, and C. G. Wheeldon, Scout executive of the Harding Area Council.

# N.Y. Stock Quotations

NEW YORK, Oct. 22—(UP)—Prices dropped fractions to more than a point on the stock exchange at the opening today. Trading was active.

All departments joined in the sell-off. The decline marked the sixth consecutive session that prices have declined. Last week, around $3,000,000,000 in market valuations were wiped out.

Investors again decided to lighten their holdings at the opening pending developments in the foreign situation.

There were a number of large blocks appearing on the tape at the opening.

Chemicals, oils, tires and steel shares were hit the hardest. American Cyanamid cracked 2¼ points to 108. Dow Chemical at 105¼ was off 1¾ points. Other pivotals in this group registered fractional declines.

U. S. Steel slipped ¼ to 42⅛ with 2,000 shares changing hands. Bethlehem Steel slipped a point to 52⅝ on 1,500 shares.

U. S. Rubber fell 1¾ points to 74¼ in its section. Barber Oil registered one of the widest declines in oils. It fell 2½ points to 80.

Rails, aircrafts and utilities eased.

# County Church Council Plans Activities

## Will Stress Religious Emphasis In Annual Christmas Parade

Stressing the religious emphasis is the community Christmas parade this year, an every-family visit in the interest of the Religion in American Life movement in November, and report of high enrollment in week-day religious education classes in the public schools were among matters brought before the Marion County Council of Churches Tuesday night

The meeting was held at Salem Evangelical and Reformed Church, with more than 35 representatives of churches attending Rev L Harrison Ludwig of the host church, council president, was in charge Opening prayer was by Rev L R Kennard of Green Camp

Warren Cyders of Marion, council treasurer and treasurer of the week-day religious education committee, reported $4,000 already pledged, by the churches toward a $5,000 budget

Rev. Don Hochstettler of First E U B Church, chairman of the Department of Religious Education, called for reports from the various heads of the committees operating under this department Mrs Thelma Wilcox, week-day religious education teacher, stated that 95 pupils in the third, fourth, and fifth grades are registered in the classes This is a 1 percent increase over last year Miss Marie Johnson reported that 1653 boys and girls attended Vacation Church Schools this past summer

Rev R W Faulkner of Calvary E U B Church reported for the social action committee Immediately before this group is the Christmas parade with floats sponsored by the various churches of the county. The purpose of the parade is to "put Christ back into Christmas" through dramatic presentation of "The Christmas Story"

The meeting was concluded by a report on Religion In American Life This year, the committee approved a plan by which Marion's 11,000 homes will be visited during the first week in November and presented with a sticker bearing the slogan 'Take some one to church this week . . . you'll both be richer for it"

# Gingerbread Cookies Remain Top Feature

FASHIONS may come and fashions may go, but the popularity of cookies goes on forever Way back when great-grandma was a young slip of a girl and hoop skirts were the vogue, this gingerbread recipe was already an old favorite in the family files

Its good-keeping qualities made it especially welcome to our grandfathers, who took it with them on their hunting trips or to sea, and lunch-box carriers will find it a delicious addition to the noon-day snack It's old in history, but still new in taste surprises

**GUNNING GINGERBREAD COOKIES**

½ cup shortening
1 t salt
1 t soda
1½ t ginger
2/3 cup sugar
1 cup unsulphured molasses
1 T vinegar
3 T water
3 cups sifted enriched flour

Heat oven to 400 F (moderately hot). Cream together first 4 ingredients Gradually blend in sugar and water, add alternately with flour Drop batter onto lightly greased cooky sheets Bake 12 minutes or until brown Yields 3 dozen crinkle top, 3-inch cookies

# Fine Union Soldier Who Went AWOL To Trap Muskrats

Special to The Star

MARYSVILLE — Junior B Boggs, 18, of Millcreek Township, told Sheriff Walter Galloway he has been AWOL from the Army for 60 days, and he was fined $500 here by Justice W H Snodgrass for having in his possession 15 muskrat pelts.

Boggs was charged with trapping muskrats out of season in a small stream near the Union-Delaware County line He enlisted in the Army last April and went AWOL when he was supposed to be enroute to a camp in the state of Washington, the sheriff was told

Sheriff Galloway indicated he will not release the youth to the Army until after the game violation fine is paid or served out in Union County jail here The arrest was made by the sheriff and conservation department authorities on a tip from Constable Clarence Ziegler of Millcreek Township

# French War Bride Speaks to Sycamore Club

Special to The Star

UPPER SANDUSKY — Mrs Lloyd Ludwig of nearby Sycamore was the guest speaker Thursday evening, when the regular meeting of the Upper Sandusky Circle of the Child Conservation League was held at the home of Mrs O J Welker of this city

Mrs Ludwig, a World War I French bride, has returned to her homeland for a visit, for the fourth time, since coming to America, to make her home near Sycamore, O In her talk she told many interesting things of France The only things that are inexpensive are vegetables and fruit and they are of a good quality Soap runs as high in price as $1 per cake, although they do have the most popular brands, the same as are sold in America

Mrs Ludwig passed articles among the group, that she brought with her on her return trip home, including handiwork, and French menus, and recipes

During the business session Mrs Wesly Lotz gave a brief report on the state convention held at Springfield on October 4 and 5 She urged all those of voting age to take advantage of our American privilege, and go to the polls this coming election, to cast our vote after a careful consideration of all candidates

This meeting was the annual "guest night" meeting, with a number of guests present. Assisting Mrs Welker in entertaining were Mrs L Van Atta, and Mrs. Charles Maddox

## *U.C.L.A. Grid Coach Too Elated Over Win*

WEST LOS ANGELES, Oct. 22 — (AP) — Coach Henry (Red) Sanders of the U.C.L.A. football team was arrested and booked on a drunk driving charge last night.

Officers C. F. Palmerton and C. L. Bahner said they saw Sanders drive through an intersection "very fast" and subsequently saw him drive "as much as five feet" on the wrong side of a highway center line.

Sanders was quoted in the arrest report as saying he had three drinks at a bar and felt reasonably good." His team beat Oregon 41-0 Saturday.

## Dock Strike

(Continued from Page 1)

not yet determined how many ships were affected.

After conferring with union leadership yesterday, Joseph P. Ryan, president of the International Longshoremen's Association, admitted that the strikers "with their present tactics might well cripple the entire port within the next few days."

**50 Others Affected**

Besides the Ryndam, five other ships were affected by the Hoboken walkout.

The Staten Island dockers joined the strike this morning at the orders of their local union president, Alex Di Brizzi.

Some 160 vessels normally use the New York-New Jersey port installations every day. Annually they carry more than 140,000,000 tons of cargo. The piers handle the major portion of Trans-Atlantic passenger travel.

Ryan has said he will take no further action, even if the entire port is strike bound.

A federal mediation panel was reported prepared to take up the contract dispute today.

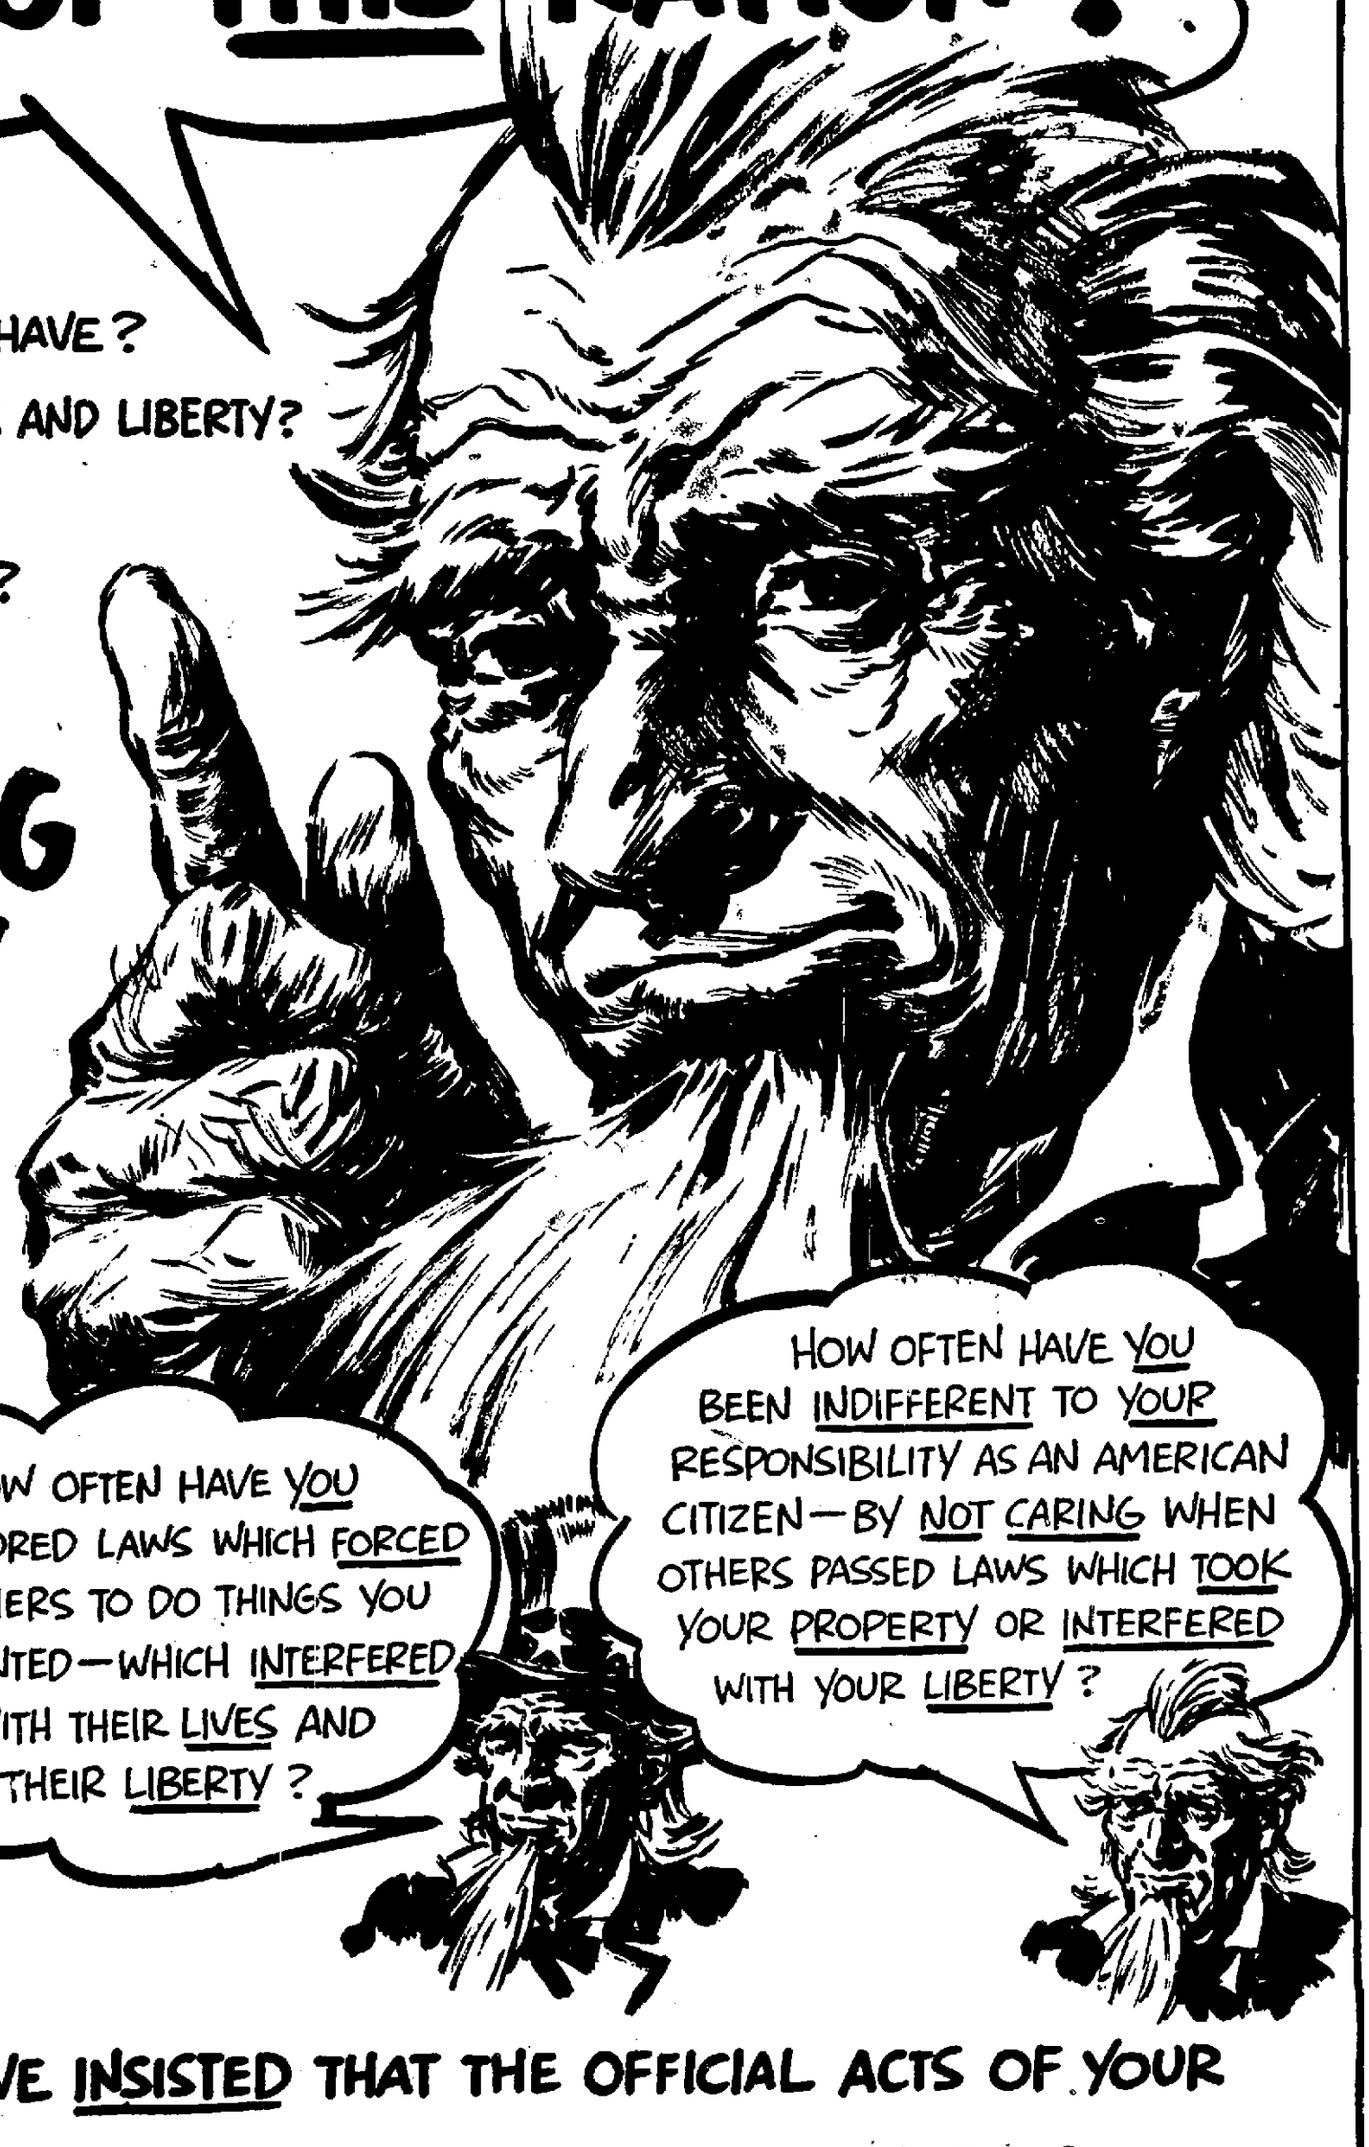
# WHO'S TO BLAME FOR THE STATE OF THIS NATION?



WHO'S TO BLAME—

1. FOR ALL THE DOMESTIC TROUBLES WE HAVE?
2. FOR ALL THE LAWS CONTROLLING OUR LIVES AND LIBERTY?
3. FOR HIGHER TAXES AND INFLATION?
4. FOR THE SIZE OF OUR NATIONAL DEBT?
5. FOR ALL THE CONFUSION WE HAVE?

## LET'S STOP BLAMING "SOMEBODY ELSE"

THERE JUST AREN'T ENOUGH "OTHER PEOPLE" TO CAUSE ALL THE EVIL AND CONFUSION WHICH WE HAVE TODAY!

HOW OFTEN HAVE YOU FAVORED LAWS WHICH TOOK THE TAX MONEY OF SOMEBODY ELSE FOR YOUR BENEFIT—WHICH INTERFERED WITH THEIR RIGHT TO OWN PROPERTY?

HOW OFTEN HAVE YOU FAVORED LAWS WHICH FORCED OTHERS TO DO THINGS YOU WANTED—WHICH INTERFERED WITH THEIR LIVES AND THEIR LIBERTY?

HOW OFTEN HAVE YOU BEEN INDIFFERENT TO YOUR RESPONSIBILITY AS AN AMERICAN CITIZEN—BY NOT CARING WHEN OTHERS PASSED LAWS WHICH TOOK YOUR PROPERTY OR INTERFERED WITH YOUR LIBERTY?

HOW LONG HAS IT BEEN SINCE YOU HAVE INSISTED THAT THE OFFICIAL ACTS OF YOUR REPRESENTATIVES IN GOVERNMENT BE IN ACCORDANCE WITH THIS MORAL PURPOSE—

EVERY INDIVIDUAL, in receiving the gift of LIFE from God, is given the responsibility of preserving, developing and perfecting that gift.

So every person is given INDIVIDUALITY—different faculties, different and various amounts of talent with which to assume the responsibility for his own existence.

Every individual is endowed by his Creator with the LIBERTY to use his God-given faculties for their intended purpose—and through the free use of those faculties to acquire PROPERTY.

Every individual also has a natural right, from God, to protect his God-given Life, Liberty and Property from the interference of any other individual—BECAUSE THESE THREE GIFTS OF GOD PRECEDE ALL MAN-MADE LAWS AND ARE SUPERIOR TO THEM.

Therefore, all individuals must have equal political rights and equal political duties. One group cannot claim certain rights for itself, while placing the duties on others. So if we are to keep our God-given rights—

THE PURPOSE OF OUR GOVERNMENT MUST BE—

"TO MAKE AND ENFORCE LAWS WHICH PROTECT EVERY INDIVIDUAL'S LIFE, LIBERTY AND PROPERTY FROM THE INTERFERENCE OF ANY OTHER INDIVIDUAL—AND THESE LAWS MUST PROTECT THE PEOPLE FROM GOVERNMENT ITSELF."

All history proves that when a government does not have this purpose it becomes immoral!

PENN STOPS COLUMBIA, 28-13. Cornog (42) of the University of Pennsylvania carries the ball 17 yards before being tripped up with Jaffurs (41) leading interference and Deuber (12) throwing key block into Columbia's Cozzi (88). A crowd of 35,000 watched as Penn defeated the Lion's 28 to 13 at Philadelphia's Franklin Field.

## *Bucks, Texas, S.M.U., Cal All Surprised*

By ED CORRIGAN

NEW YORK, Oct. 22—(AP)—The old maxim that most accidents take place right in your own backyard is something to ponder. Ask California, Texas, Texas A. and M.

They were rolling merrily along winning game after game—some from rivals all over the country—but they awoke with a start today to find their proud records smashed to smithereens by foes they expected to take into camp with no trouble.

The biggest reversal Saturday was Southern California's 21-14 victory over California, a team that had been tied only once in the past four years of regular season competition and which had held a virtual stranglehold on the Pacific Coast Conference championship.

That's all over now if the Trojans can get past Stanford and U.C.L.A., their two remaining league foes. Further, those victories would assure Southern Cal a Rose Bowl bid, which automatically goes to the conference winner provided it has not played there the previous year.

**Mad Scramble**

In the Southwest, where the annual mad scramble for the Cotton Bowl is in full swing, no one would dare make a prediction on the future after Saturday's shenanigans.

Texas was supposed to have no trouble with doormat Arkansas The Razorbacks won, 16-14. Texas A. and M. was a cinch over Texas Christian. The underdogs won, 20-14. Southern Methodist was set to sail past Rice. Rice won, 28-7.

Now the standings look something dreamed up on Mars Texas Christian is in first place with a 2-0 slate and Texas, Texas A. and M., and Southern Methodist share the cellar with 0-1 records. Baylor, which whipped Texas Tech, 40-20, is the only league team with a clean record. 4-0. However, only one victory has been scored over a league opponent.

Ohio State was the choice to win the Big 10 crown in preseason forecasts. But the Buckeyes have been staggering and after their 32-10 shellacking at the hands of Indiana, one of the league have-nots, they will be lucky to make it.

Defending champion Michigan heads the class with two wins and no losses after polishing off Iowa, 21-0. But the Wolverines still must play Minnesota, Illinois, Northwestern and Ohio State, so the race is far from settled.

In the South, Tennessee, Maryland and Georgia Tech still are in the thick of the fight for top national honors. Tennessee was the prediction for the No. 1 team in the land before the season started, and the Vols have held up admirably, their latest conquest being a 27-13 operation on Alabama.

**South Weaker**

But the South in general has been weaker than expected and this more than any other factor, probably has kept the Vols from going to the top in the weekly Associated Press poll. Maryland, which probably will win the southern conference title, roared past North Carolina, 14-7, and Georgia Tech knocked Auburn from the ranks of the undefeated, 27-7.

In the East in general, and the Ivy League in particular, the situation also is confused. But it should be ironed out come Saturday when Princeton and Cornell clash. The winner should wind up with the crown. The Tigers warmed up to their task by winning their 17th straight, this one from Lafayette 60-7, while Cornell polished off Yale, 27-0.

Harvard beat Army, 22-21; Oklahoma, last year's mythical national champion, stopped Kansas, 33-21, and Notre Dame overwhelmed Pitt, 33-0, in other major games.

## M.S.C. Tackle Coleman Rates Rave Notices

### Line Coach Claims Standout Faster Than Linemen

By HUGH FULLERTON JR.

NEW YORK, Oct. 22—(AP)—Biggie Munn, the well-nicknamed Michigan State football coach, conservatively tabs Don Coleman as "a right good tackle," then adds with a grin,, and he has been that way for three years—on offense or defense." . . . Line Coach Duff Daugherty positively glows when you mention Coleman's name and points out, "He's faster than any of our backs for 30 yards". . . . That's hard to believe after you've seen some of those Spartan backs go, but when you watch Coleman coming off the weak side of a single-wing setup and blocking his men almost before they can move — or going down to tackle punt receivers—you know he's as fast a tackle as you've ever seen . . . Daugherty tells how Coleman, supposedly leading speedy Little Leroy Bolden in a play, was knocked down by a defensive lineman. Don got up, passed Bolden and made the key block for a 33-yard run . . . If Michigan State climbs back to the top of the rankings after Saturday's triumph over Penn State, you can safely say Coleman's blocking did it . . . "They ask him to do things no other tackle would try," remarked one observer, "and he's so fast he makes them look easy."

* * *

It was in a game between Syracuse and Lafayette and Coach Ben Schwaryzwalder was clearing the Syracuse bench in an effort to keep the score down. . . . Near the end of the game he had seven freshmen and four sophs on a defensive platoon he sent into the game. . . . Nobody knew or cared much who they were. . . . Syracuse had recovered seven fumbles and as soon as this gang took over Lafayette fumbled again and Syracuse recovered. . . . The offensive platoon took over and as the kids trotted off the field one unknown frosh told his playmates: "Don't go recovering any more of those fumbles. How in heck do you think we're going to get a chance to show the coach we can play football.

ON HIS ARRIVAL in Tokyo, Yankee baseball star Joe DiMaggio is holding a bouquet of flowers just presented to him by actress at left. DiMaggio and his all-star team are on exhibition tour.

## *Pro Cage Group Studies Cage Fix*

CHICAGO, Oct. 22—(AP)—The octopus-like college basketball scandal tightened its tentacles on two of the game's greatest modern players today and sent cagedom's top pro-circuit into an emergency session.

Former Kentucky All-Americans, Alex Groza and Ralph Beard, were to be arraigned this morning on a fugitive warrant charging bribery in a 1949 game at New York's Madison Square Garden.

At almost the same time, the executive board of the National Basketball Association will meet in New York to consider a policy for the hard-smitten Indianapolis Olympians, from which Groza and Beard, stock-holder stars, already have been suspended.

Seized here Friday night by officers of the New York district attorney's office, Groza and Beard were expected to waive extradition in court today.

**Wave Charges**

With another former Kentucky star, 1949-50 captain, Dale Barnstable, they will wave bribe charges before the New York grand jury. Barnstable yesterday went from Louisville, where he coaches at a high school, to New York.

The three have admitted accepting $500 bribes each form a ring of gamblers to rig the point spread against Loyola of Chicago in a 1949 invitational tourney game at Madison Square Garden. Underdog Loyola won 67-56 in what was regarded a prime upset.

Assistant District Attorney Vincent A. G. O'Connor of new York has declined to say whether Kentucky is the last school now implicated in a web of "fixes" besmirching at least 34 cage players from seven colleges.

O'Connor said, however, that Kentucky's entire 1948-49 schedule will be closely examined for possible additional fixes.

There has been no hint that the cited Kentuckians didn't play on the level for the Olympians the past two seasons.

In an interview at Indianapolis last night, Beard and Groza, free under $1,000 bond each, both insisted all their pro games were "on the up-and-up."

**Might Help**

"We both realize what we did and we're sorry," said Beard at his white bungalow. "If no other good comes out of this, it might help someone else realize what will happen to them if they do take money."

Groza, 6-foot, 5-inch court whiz from Martins Ferry, O., said there was no excuse for the bribery, but suggested "college athletics should not be made such a big business."

"I'm relying on public sentiment," Groza continued. "I have hopes they will realize that everybody can make one mistake and that they will give us another chance."

## *Gray-Y Grid Leagues In Deadlocks*

The Y.M.C.A. Gra-Y Football League remained deadlocked in the third week of play as Pearl and Oakland came through with wins to hold their two way tie in the National loop. St. Mary and Mark Street also posted decisive victories to stay on top in the American League.

After three scoreless ties last week, the National League entries broke loose offensively. Pearl rolled over Olney, 26-0, and Oakland came from behind to down George Washington, 18-6. Greenwood scored from the first play from scrimmage and defeated Glenwood, 7-6.

In the American League, St. Mary surprised Silver with a strong running and passing attack to win, 26-6. Mark had little trouble with North Main as they rolled to a 27-0 win and Forest Lawn edged Oak Street, 6-2.

Wolves Awakening

## *Michigan Leads Big 10 Race After Poor Start*

CHICAGO, Oct. 22—(AP)—Defending champion Michigan, which apparently played possum in losing two non-conference games, today holds the key to the Big Ten football championship as well as the current co-leadership.

The Wolverines, who will be seeking their third loop victory against Minnesota at Ann Arbor, Mich., Saturday, are a bristling aggregation whose opening 25-0 and 23-13 losses to Michigan State and Stanford respectively deceived conference railbirds.

Bennie OOsterbaan's championship-conscious Michiganders waded into conference competition with a snap and precision that gave them a 33-14 win over Indiana and, last Saturday, a 21-0 conquest of Iowa.

That puts them at the head of the Big Ten class with Illinois and Northwestern each unbeaten in one conference start.

The Wolverines, who won or shared the championship for the past four seasons, meet the Illini Nov. 3 and face Northwestern Nov. 17.

Michigan last weekend got quite an assist in its move to recapture the title. Heralded Ohio State was virtually knocked out of contention when lowly Indiana smacked the Buckeyes, 32-10. Purdue which had a chance to ride a favorable schedule to the throne room suffered a 31-7 pasting by Wisconsin, beaten by Illinois and tied by Ohio State.

Three other conference games are booked Saturday. Illinois invades Indiana, Northwestern meets Wisconsin and Ohio State entertains Iowa. In non-conference play, Purdue takes on Notre Dame.

## *Race of Doom Event Seen At Speedway*

The preview of an added attraction for next year at the Marion Speedway was seen by fans yesterday. The Speedway is already the only track in the nation to run the figure eight suicide events incorporating the use of a center track through the large racing oval. Next year the Speedway will be the scene of the "Race of Doom." This race will feature two races at the same time on the oval, as is done in the present suicide event. However, the new gimmick will be to have the cars run in opposite directions, threatening not to meet broadside, as in the suicide area, but head-on.

Four cars demonstrated the "Race of Doom" Sunday, and brought the fans to their feet. The real excitement will come when 20 cars instead of four take part in the event. The "Race of Doom" may be run next Sunday, if enough brave men can be found to participate, and will probably become a regular event on next year's card.

Outstanding race Sunday was the 23-car Figure Eight race with more roll-over and complete wrecks than in all other events combined. No injuries, however. Winner's in Sunday's events were as follows: 1st elimination, and Australian pursuits races, Jack Chivington of Marion; 2nd elimination, Dick Grice of Marion; suicide race, Ted Rambo of Marion, and Billy Westbrook of Mt. Vernon; Figure Eight race, Paul Hooper of Marion; consolation race, Glenn McKnight of Marion, and the 25-lap feature race, Kenny Stuckey of Tiffin.

Next year, Speedway management plans new grandstands, new public address system, and a new playground and equipment for the children . . . all adding to more convenience for racing fans and families. Next Sunday's racing card will be the last at the Marion Speedway — located 5 miles north of Marion, off route 23—the last for the 1951 season. Time trials start at 1:00, with the first race roaring off at 2:30.

## *Former Kentucky Great Shocked At Cage Scandal*

GEORGETOWN, Ky., Oct. 22—(AP)—John (Frenchy) DeMoisey former University of Kentucky star basketball center, said yesterday he was "certainly shocked" over the cage scandal's latest development.

"It's just hard to believe that those kids would do anything like that," DeMoisey commented on the announcement of official investigators that three U. K. cage players of 1948-49—Alex Groza, Ralph Beard and Dale Barnstable—had admitted taking part in a "fix" of a game.

Asked if bribers approached players during his playing days of the early 1930's, DeMoisey commented:

"Heck, there wasn't 20 cents in the world when I was playing at Kentucky from 1930 to 1934."

## *Wins Stock Car Feature Race at Cincy Bowl*

CINCINNATI, Oct. 22—(AP)—Wayne Woodmansee of Cleves, O., won a 300-lap stock car feature race at the Cincinnati Race Bowl last night. No time was available on the race because of a halt called after an accident. There were no injuries.

Second was Gerald Randolph and third was Bill Vanslo, both of Cincinnati. Thirteen of the more than 25 starters finished.

A crowd of 4,100 attended.

# *Janowicz May Miss Action Against Iowa*

## *Rib Separation Limits All-American; Big 10 Hopes Dim*

By FRITZ HOWELL

COLUMBUS, O., Oct. 22—(AP)—A 24-game schedule, 12 against out of state opponents, faces Ohio's college gridders this week.

Headlining the program is the clash between Ohio State's deflated Bucks and Iowa's Hawkeyes. Both suffered one-sided defeats Saturday, Ohio dropping an astounding 32-10 game to underdog Indiana, and Iowa taking a 21-0 drubbing from Michigan.

Almost as devastating as the defeat which wrecked Ohio's big Ten title hopes, was the news that All-American Halfback Vic Janowicz suffered a rib separation and may be out for at least two weeks. Vic played only the first half against Indiana, except to boot an extra point and kickoff, but Indiana had scored four touchdowns with him in the game.

**One of Four**

The Buckeye loss was just one of four that Ohio teams suffered Saturday at the hands of foreign foes. The out-of-staters were whipped in six other frays, and one was tied, giving the Ohioans a record of 36 wins, 23, losses and three ties.

Cincinnati's Bearcats, pacing the state with six straight conquests, entertains Texas Western Saturday, while Miami's Mid-America Conference champions go to Milwaukee for a clash with Marquette. Other top-notchers find Ohio Wesleyan at Oberlin, with the Ohio Conference leadership at stake, and unbeaten Dayton meeting unbeaten but tied Xavier Sunday at Cincinnati.

The full slate:

**Thursday night:** Defiance at Ohio Northern, Baldwin Wallace at Youngstown.

**Friday Night:** Quantico Marines at John Carroll, Indiana Tech at Heidelberg.

**Saturday:** Iowa at Ohio State, Kent State at Ohio U., Ashland at Bluffton, Kenyon at Capital, Ohio Wesleyan at Oberlin, Denison at Muskingum, Akron at Wooster, Marietta at Otterbein, Georgetown at Wittenberg (N), Toledo at Bowling Green, Wilmington at Cedarville, Lincoln U. at Central State, Hiram at Bethany, Texas Western at Cincinnati, Western Reserve at Washington (St. Louis), Miami at Marquette, Findlay at Olivet, Mt. Union at Slippery Rock, and Carnegie Tech at Case.

**Sunday:** Dayton at Xavier.

**Defensive Play Wins**

# *Browns Whip Steelers, 17-0, For 2nd Shutout*

CLEVELAND, Oct. 22—(AP)—The Cleveland Browns—apparently looking ahead to their all-important game Sunday against the New York Giants—depended almost entirely on their defensive unit to beat Pittsburgh, 17-0, yesterday.

Coach Paul Brown's offensive corps contributed only a field goal yesterday while the defensive squad was turning a blocked kick and an intercepted pass into a pair of touchdowns.

Besides that, the defensive turned in its second straight shutout stopping three deep Pittsburgh drives.

**Kick Blocked**

Horace Gillom, the Brown's defensive end, cashed in on Chuck Ortmann's blocked boot in the first period. The Steeler halfback—on his own 38—kicked the ball into one of his own linemen. The pigskin bounded back to the 12 where Gillom scooped it up and scooted over.

"I faked a blocker and cut in," Gillom explained, adding that the blocker "backed up a few steps and the ball hit him on the helmet x x x Ortman must have kicked it off the side of his foot."

That same period, Lou Groza ran to 15 the string of league games in which he has produced a field goal. The kick was good for 17 yards.

Warren Lahr, the Browns defensive left half, intercepted Joe Geri's pass in the next session and galloped 26 yards for the other touchdown.

Groza converted both touchdowns but missed three other field goal attempts.

A Giant scout would have learned little yesterday he did not already know about the Brown offense. Sticking to standard running plays and a few passes, the Clevelanders gave little hint of what—if anything — they have cooked up for the next Sunday's game against the Giants, the only undefeated club in the league.

**Disappointed**

But if Coach Brown has a new offense under wraps, he would not say so. In the dressing room, he declared he could not figure why his offense was so helpless against Pittsburgh, adding:

"They were really trying, too. Giving it all they had."

He has, however, undoubtedly been thinking of a new way to score against the Giants who held the Browns to just one touchdown in three games last season. And that six-pointer was practically a gift.

Jim Ostendarp let a kickoff roll free to the Giant one where Ken Carpenter fell on it. Otto Graham sneaked over then for the lone six-pointer, but despite two field goals Cleveland lost, 17-13.

Brown remarked that Graham was having "one of his bad days" passing against Pittsburgh but praised the work of Emerson Cole.

Graham completed nine of 15 throws for 67 yards. Cole, filling in at fullback for Marion Motley, made 126 yards in 17 tries.

## HAROLD MAGAZINE SELLERS

MARYSVILLE — A magazine subscription crew of five operating in northern Union County was picked up by Sheriff Walter Galloway after receiving complaints. Two girls under 18 with the crew were held pending word from their parents in West Virginia and Texas as to whether they should be sent home.

At least 40 daily publications appear in New York City.

# 1,500 See Harding Reserves Down Findlay, 14-0, In Benefit

Some 1,500 fans turned out to see the Harding reserve team in a repeat performance over Findlay as the Vice Presidents scored a 14-0 victory over the junior Trojans at the stadium.

The game was a benefit contest for the Harding band, sponsored by the Band and Orchestra Parents Association.

The Junior Prexies put up a stiff defense against the visitors. The closest they got to the Harding goal line was the 30.

John McKinstry went up the middle for 10 yards on a trap play to give Harding the lead. He also added the extra point.

Dick Burch added the other TD in the third quarter when he scored from five yards out.

The game was stalled by repeated penalties to both teams.

**PROPOSED AMENDMENT TO THE CONSTITUTION OF OHIO**

**Proposing to amend section 7 of article IV of the constitution of the state of Ohio relative to probate courts.**

Be it resolved by the General Assembly of the State of Ohio, three-fifths of the members of each house concurring therein, That there shall be submitted to the electors of the state in the manner prescribed by law, at the general election to be held on the first Tuesday after the first Monday in November, 1951, a proposition to amend section 7 of article IV of the constitution of the state of Ohio as follows:

ARTICLE IV

Sec 7. There shall be established in each county, a probate court, which shall be a court of record, open at all times and holden by one or more judges as the general assembly may determine by law elected by the electors of the county, who shall hold the office for the term of six years, and shall receive such compensation as shall be provided by law Whenever ten per centum of the number of electors voting for governor at the next preceding election in any county having less than sixty thousand population as determined by the next preceding federal census shall petition the judge of the court of common pleas of any such county not less than ninety days before any general election for county officers, the judge of the court of common pleas shall submit to the electors of such county the question of combining the probate court with the court of common pleas, and such courts shall be combined and shall be known as the court of common pleas in case a majority of the electors voting upon such question vote in favor of such combination Notice of such election shall be given in the same manner as for the election of county officers Elections may be had in the same manner for the separation of such courts, when once combined.

SCHEDULE

If a majority of the electors voting on the foregoing proposed amendment adopt the same it shall become a part of the constitution of the state of Ohio and existing section 7 of article IV of said constitution shall thereupon be repealed

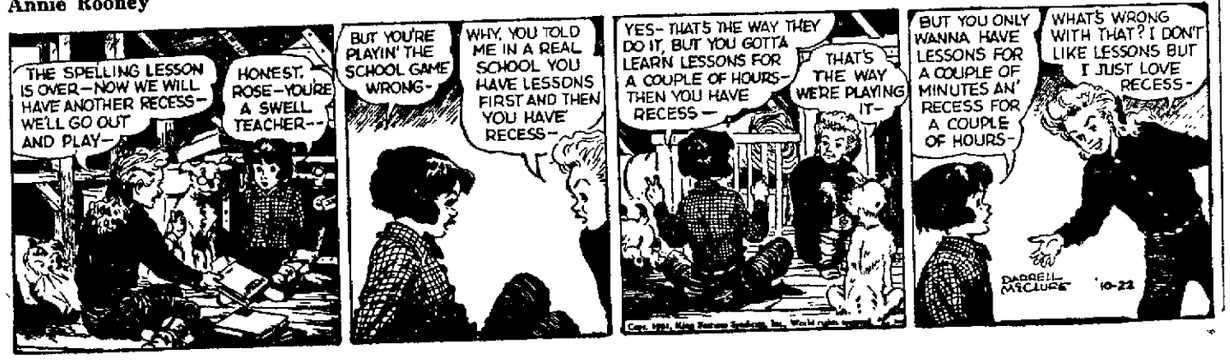
Annie Rooney — By Darrell McClure



THE SPELLING LESSON IS OVER—NOW WE WILL HAVE ANOTHER RECESS—WE'LL GO OUT AND PLAY—
HONEST, ROSE—YOU'RE A SWELL TEACHER—
BUT YOU'RE PLAYIN' THE SCHOOL GAME WRONG—
WHY, YOU TOLD ME IN A REAL SCHOOL YOU HAVE LESSONS FIRST AND THEN YOU HAVE RECESS—
YES—THAT'S THE WAY THEY DO IT, BUT YOU GOTTA LEARN LESSONS FOR A COUPLE OF HOURS—THEN YOU HAVE RECESS—
THAT'S THE WAY WE'RE PLAYING IT—
BUT YOU ONLY WANNA HAVE LESSONS FOR A COUPLE OF MINUTES AN' RECESS FOR A COUPLE OF HOURS—
WHAT'S WRONG WITH THAT? I DON'T LIKE LESSONS BUT I JUST LOVE RECESS—

## One Man's Opinion

By WALTER KIERNAN

The likelihood that we are not going to have to pay more taxes this year was a severe blow to all of us and we're still laughing.

* * *

Mr Truman asked for 10 billion in new taxes, the Senate offered five and the House made it nothing . . . This is what is known as friendly compromise.

So for the next few months at least all the income we have left after paying present income taxes, excise taxes, sales taxes, social security taxes, state sales taxes, local taxes and other taxes is ours to enjoy . . . And how we canuse that eight dollars!

* * *

At the moment each one of us is supposed to have $138 according to the amount of currency in circulation but my barber says if he got his, he must have mislaid it.

* * *

I told him that the amount was almost twice as much as he had 10 years ago and he said "If you mean twice as much as when a dollar was worth a dollar I must be almost even again."

* * *

Stil . . .where can you have so much fun so expensively?
